## North Vancouver Girl In 'Miss America' Contest

ATLANTIC CITY, N.J. (AP)—Are girls from the west prettier than eastern or southern belles?

Preliminary results in the 1949 Miss America pageant seem to point that way. All preliminary winners announced in the talent and bathing-suit divisions are from the west, including Miss Canada.

Tonight's third and final preliminary contest may give the westerners the upper hand in the finals tomorrow night, but no one will know until the 15 finalists are announced then.

A demure Canadian miss, Margaret Lynn Munn of North Vancouver, pulled down the top spot in the talent division Thursday night with a rendition of "Sempere Libera" from the opera "La Traviata." And

another west-of-the-Mississippi beauty won in talent the night before—Miss Minnesota, Gloria Yvonne Burkhardt of Minneapolis.

Sylvia Canaday, an 18-year-old eyelet from Denver, Miss Colorado, took first honors in the bathing suit preliminary last night. The night before, Miss Arizona, Jacque Mercer of Litchfield, and Jane Ann Pederson of Santa Rosa, Miss California, tied for the classiest-chassis award.

But eastern and southern girls may make up for their losses in the personality and evening gown divisions, in which nightly preliminary winners are not announced.

Frequently, some of the girls selected among the 15 finalists come as a complete surprise to the audience. There have even been instances when an announced preliminary winner failed to make the grade in the finals.

### FOR \$25,000

But generally a preliminary winner is a cinch for a crack at the finals for the \$25,000 Miss America scholarship jackpot.

When Miss America of 1949 is crowned, late Saturday night, she'll cash in on a \$5,000 scholarship, as well as a new car and numerous personal appearance contracts.

The 14 runners-up will share in another \$20,000 in scholarships.

## 100 Volunteers Swell Police Ranks At Struck Factory

BUFFALO, N.Y. (AP)—Nearly 100 volunteers swelled police ranks today as the strike-bound Bell Aircraft plant, where two days of pitched battles have brought injury to 14 persons and warrants for the arrest of 24 persons.

Picketing at the plant was peaceful this morning. About 15 unarmed pickets took their stations at the main gate of the plant in nearby Wheatfield at 7:55 a.m.

Under-Sheriff Arthur Mulsiner of Niagara County said "about a dozen men" were arrested this morning on charge of disorderly conduct as a result of previous disorders in the strike.

### CONFERENCE CALLED

Meanwhile, Governor Thomas E. Dewey summoned leaders of striking Local 501 of the United Auto Workers (C.I.O.), and the top law-enforcement officials of Niagara and Erie Counties to Albany for a conference.

But union officials said they would not make the trip until Dewey instructed the District Attorney of Niagara County to "withdraw the trumped-up warrants for arrest of our leaders."

On the other hand, the union promised Rt. Rev. John P. Bolland, state mediator, it would urge "all members and friends" to maintain peaceful picketing, pending an effort to arrange arbitration of the strike.

## Amethyst Homebound From China Waters

HONGKONG (AP)—The Royal Navy sloop Amethyst, spick and span after the sears of Communist gunfire on the Yangtze River had been erased, left for Britain today.

Aboard was the same crew which anxiously waited out three months on the river before its sensational escape to the sea late in July.

The Amethyst was attacked by Communist shore guns between Nanking and Shanghai. Three other British warships rushing to her aid were driven off by shore fire.

## U.S. Commerce Chief Thinks Recession May Be Near End

By RAYMOND H. WILSON  
WASHINGTON (UP)—Business was looking up today, and Secretary of Commerce Charles Sawyer said "the end of the recession may be at hand."

But the most optimistic government reports in months were coupled with this warning: Big strikes this fall could turn the new advance into a setback.

More people had jobs in August than at any time this year, latest government figures showed. And unemployment had dropped to its lowest point since May.

Production in August also was up. President Truman announced this himself, pointing out the August increase about wiped out a slump recorded in July.

Dr. Edwin G. Nourse, chairman of Mr. Truman's Council of Economic Advisers, said the depression that everybody feared last spring has failed to materialize.

He called this "generally encouraging." But Nourse was a little more cautious than Sawyer. He said the "process of disinflation"—his word for recession—is not completed.

In talking to reporters, Nourse warned that fall walkouts in basic industries could "change the story." Strikes already are threatened in steel mills and on some railroads. They may be in the cards also in the automobile and coal industries.

Nourse said such walkouts as these "certainly would upset the pattern of recovery."

## Working Force 59,947,000

Sawyer cited a Census Bureau report showing 59,947,000 persons at work, a new high for 1949 but still far short of the all-time peak of 61,615,000, set in July, 1948.

The report showed that the number of jobless had dropped by 406,000 from July's postwar record of 4,095,000. The August unemployment figure—3,689,000—still topped the May total by about 400,000.

Addressing a meeting of sales executives, Sawyer said: "These figures make it perfectly plain there has been a change for the better, and the end of the recession may be at hand."

Sawyer said the picture still isn't as good as he would like. He noted that there were 1,250,000 persons whose "full time" jobs in August actually gave them only part-time work.

These shorter working hours were reflected in the Commerce Department's monthly report on personal income. This showed that personal incomes dropped

from an annual rate of \$212,400,000,000 in June to \$209,700,000,000 in July.

Much of this cut was in farm income. The rest was in wages and salaries.

## No 5-Cent Coffee

MONTREAL (CP)—Hopes for the return of the five-cent cup of coffee have been squelched by George F. Heckman, national president of the Canadian Restaurant Association.

He told a Kiwanis Club meeting that cost to the restaurateur of the current 10-cent cup is eight cents, including use of the cup and saucer, which cost three cents every time they go into service.

## Vatican Forbids Czech Priests To Sign State Pledge

PRAGUE (AP)—The Vatican has forbidden Czech priests to sign any "loyalty pledge" to the Communist-led Czechoslovakian government, church sources here said today.

These informants said a special radio broadcast from the Vatican instructed Czech Catholic clergy to sign instead a pledge composed by the church.

They said this would be worded:

"I hereby promise as a faithful citizen to remain loyal to the Republic of Czechoslovakia; to undertake nothing that would be against her interests, security and sovereignty. Faithfully I shall fulfill my duties as a priest and shall do my best to take an active part in all reconstruction efforts aiming to achieve greater prosperity of Czechs and Slovaks."

Signing of loyalty pledges by the clergy would be required under terms of a church control bill which is scheduled to come before Parliament next month. The proposed law, which is expected to get speedy passage, would give the government control of church finances, appointments and administrative affairs.

## Replace Argonauts With Skymasters

LONDON (Reuter)—British Overseas Airways Corporation's Canadian-built Argonaut airliners on the Far-East service, grounded because of minor engine defects, will be temporarily replaced with 36-seat American Skymasters from the London-Bahrain service, it was learned here.

The Argonaut, a Canadian version of the American DC-4 Skymaster four-engine airliner, is equipped with British-built Merlin liquid-cooled engines.

## 'Smog' Deaths Bring Suits For \$556,000

PITTSBURGH (AP)—The families of 10 persons who died during a smog at Donora, Pa., last October filed suit Thursday in federal court for \$556,000 against the American Steel and Wire Company. The suits charge the company with "willful neglect" in permitting dangerous fumes to hang over the nearby milltown for five days during which 22 persons died.

## Congress Approval Needed For Major Points Brought Up

By JOHN HIGHTOWER

WASHINGTON (AP)—Britain appeared assured today of limited United States help in meeting its current dollar crisis. Long-range aid, however, seemed likely to be slow in developing and to require Congressional action on several major proposals.

As the American-British-Canadian economic conference entered its third day, American officials were reported reasonably confident that measures now under study will block the drain on Britain's gold and dollar reserves by the end of the year.

On the long-term problem of boosting Britain's sales to the United States to a point where Britain can become self-sufficient there is, however, considerably less certainty. It is possible the conference may end next week without decisive agreement on specific steps to be taken in this field.

Sir Stafford Cripps, British Chancellor of the Exchequer, was scheduled to make a new statement of his government's attitude

toward its plight in a speech at the National Press Club here today (about 12 noon C.D.T.).

On specific measures of early aid to Britain, American negotiators in the conference have indicated full co-operation with Britain. These include:

1. A policy of encouraging Export-Import Bank loans to India and other countries where an outpouring of dollars would help Britain to check the drain on reserves before they sink to the \$1,000,000,000 mark.

## May Be Months In Making

Among long-term aids suggested, authorities say several would require Congressional action and others almost certainly would. That means they would be months in the making. Such measures include:

1. A substantial further reduction in American tariffs. Best-informed officials agree if British sales in the United States are to skyrocket, a drastic revision of American tariff policy will be necessary.

2. Modification of the 1946 British-American loan agreement. Britain promised in this agreement not to discriminate against American goods. Now Britain has requested suspension of this provision on the ground it must discriminate in order to conserve dollars.

3. An increase in Export-Import Bank loan funds. The bank

presently has a net loan capacity of about \$870,000,000 based on a capitalization of \$1,000,000,000 and an authorized lending power of \$3,500,000,000.

4. Revision of customs procedures. Britain and Canada have requested a review of basic customs methods to make it easier for their exporters to get goods into the United States.

5. Greater freedom for Britain in spending of the Economic Cooperation Administration Funds. When Britain wants to spend Marshall Plan dollars on farm products which are surplus in the United States it must "buy American," even though it could get the same thing elsewhere on better terms. Britain would like to modify this limitation to get greater freedom in spending their E.C.A. dollars, but the requirement is written into the law.

## Brothers Also Probing To Solve Girl's Mystery Death

While Provincial Police continue their exhaustive investigation in the mystery of the tragic drowning death of pretty Roberta Smith, 18-year-old telephone operator, last week-end in Thetis Lake, two of her brothers are also doing their utmost to solve the case.

Mrs. James A. Smith, mother of the drowned girl, reported that her sons, Elwood, aged 26, and Mel, aged 21, have been trying to trace down every lead possible in the last few days in an effort to find out who was with Roberta at the time of the tragedy.

Elwood is a war veteran. He was with the army overseas in the latest war. Both are employed by McIlwaine Bros. Ltd.

"There must have been somebody with her. She would not commit suicide because I knew her thoroughly—and nobody knows their own children like their mother," said Mrs. Smith, who is still firm in her belief Roberta met with foul play.

It has been learned that the missing sailor sought by police in connection with the case, was located yesterday.

The man is said to have told police that while he spoke to

Roberta in the bus en route to the lake and again at the lake, he claimed he did not have any connection with the mystery whatsoever.

Mrs. Smith said she notified police there was one man in Roberta's life who had her scared. The mother said her daughter at one time had to appear in court and identify him and she was afraid that he would do her harm when he emerged from jail.

Police assured her, however, that the man had finished the first stretch, but was again "on the inside looking out."

To date Provincial Police, who report they have found absolutely nothing to indicate foul play, have not been able to uncover any person who was on the scene and witnessed the tragedy.

It is understood that many persons have been questioned to see if they could throw any light on the mystery. In Roberta's purse were found many pictures of boy and girl friends she met over a period of time. Police are finding these an aid in their investigations.

Investigation is in charge of Inspector Robert Owens of the B.C. Police, and Det.-Cpl. Elmer Holm of the B.C. Police, C.I.B.

## Trapped By Fire, 40 Tourists Safe

KING CITY, Calif. (AP)—Forty vacationists, turned fire fighters when trapped at beautiful Tassara Hot Springs resort, were safe today.

The wind-blown fire Thursday night imperiled inhabitants of the scenic mountain valley—20 miles west of here and destroyed a two-storey store hotel building and about 15 of the 35 cabins.

## Canton Slaying Of Canadian Continues As Deep Mystery

CANTON (UP)—Chinese police today released Mrs. May A. Freeman, wife of an American businessman, after questioning her concerning a midnight shooting in which a Canadian was killed and her husband and another man critically wounded.

Chinese police said they had no clues.

Harold Harris, 44, a Canadian born in Shanghai, was killed and Willard Freeman of Bridgewater, Mass., and Leonard Clark, San Francisco explorer, were wounded.

Mrs. Beth Harris, widow of the slain man, lives at 477 Sturdee Street, Esquimalt.

## Czech Journalists Offered Prize For Toeing Party Line

By RICHARD KASISCHKE  
PRAGUE (AP)—Czech newspapers disclosed here their editors are offering citations for the best stories denouncing the United States, lauding Russia, or praising Henry Wallace.

"The competition apparently is being run in connection with 'Czechoslovak Press' Day now being observed here.

The day is being celebrated under such slogans as "Socialism (i.e. communism) is truth itself." This motto, proclaimed by the Communist weekly, Svet Prace, is being echoed in similar forms by other papers.

Editorials hailing press day observed that a "great change" had come over Czech papers, especially since February, 1948, when the Communists seized control of the government.

## Distributors See Increase In Milk Price

Victoria's six leading milk distributing firms advised the City Council today that unless it brings about a downward revision of license fees leveled against them, they will be forced to a body to make application to the B.C. Milk Board for an increase in milk prices here.

This was made clear in a letter received at City Hall this morning from R. M. B. Crawford, secretary of the Victoria Pasteurized Milk Distributors' Association.

Members of this association are: Northwestern Creamery, Royal Dairy, Palm Dairies, Island Farms Co-operative, Shepherd's Dairy and Heatherbank Farms Dairy.

Mr. Crawford, in his letter, claims milk distributors make only a small margin of profit under present price controls set by the provincial government's Milk Board. The return is so small, he continues, that some association members have already made individual applications to the board for higher prices.

The Milk Board sets the price paid farmers and the cost to consumers, the letter explains. "As you must appreciate," the letter reads, "the considerations given to both these parties leaves a very small margin for the distributors to operate on."

Elaborating on statements made in his letter, Mr. Crawford said farmers were being well paid for their milk and consumers were getting it cheaply at the expense of distributing firms.

He said the new license fees recently imposed by the city came as a telling blow to distributors in their battle to make a fair return.

In his letter to council, Mr. Crawford concluded:

"We strongly urge you to reconsider our position as any change in the price of milk must of necessity be passed along to the consumer; in other words the public, and again it will be the family man who will bear the brunt of any change."

Standard milk in Victoria currently sells at 19 cents a quart; special milk, at 21 cents.

## Brothers Also Probing To Solve Girl's Mystery Death

While Provincial Police continue their exhaustive investigation in the mystery of the tragic drowning death of pretty Roberta Smith, 18-year-old telephone operator, last weekend in Thetis Lake, two of her brothers are also doing their utmost to solve the case.

## Canada's Unemployed Ratio Third Of U.S. Percentage

OTTAWA (CP)—Canada's percentage of unemployed last summer was only one-third that of the United States, the Dominion Bureau of Statistics reported today.

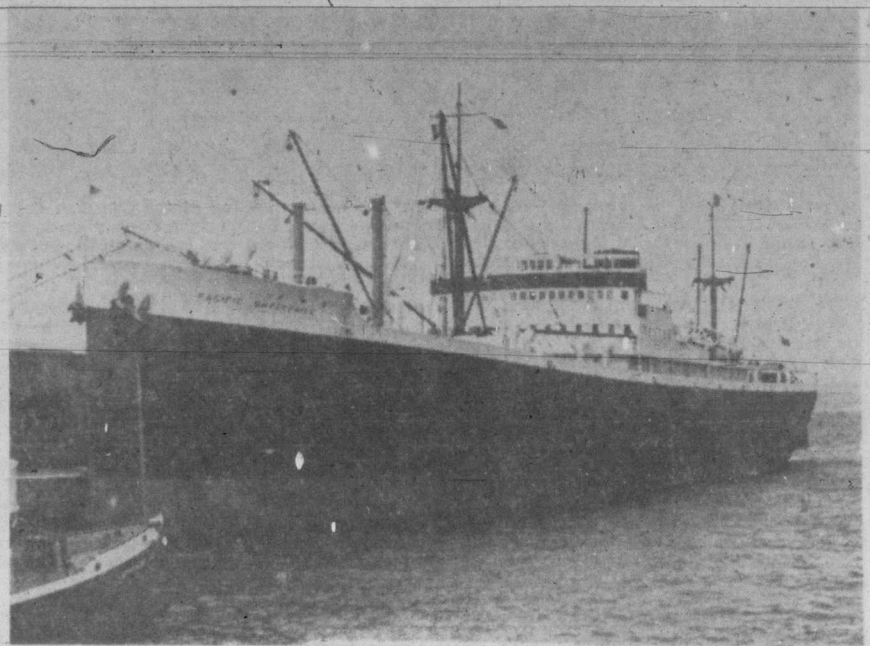

A sample survey of about 25,000 households, the bureau said, showed the civilian labor force stood at 5,121,000 in June, with unemployment at 103,000.

The unemployment figure was 2 per cent of the labor force, against 6 per cent in the United States.

The survey showed the labor force had increased by 91,000 from June of 1948. During the same period, the unemployed total had risen by 21,000 to 103,000.

Employment was heaviest in the Maritimes and lightest in the prairie provinces in June this year.

In the Maritimes, the percentage unemployed was 4.1 per cent of the labor force. On the prairies it was 1.1 per cent. The percentages in other areas: Quebec 2.5; Ontario 1.5; British Columbia 2.2.

MS. PACIFIC ENTERPRISE

## Pacific Enterprise, 59 Aboard On Rocks Off Pt. Arena, Calif.

SAN FRANCISCO (BUP)—The 11,200-ton British motorship Pacific Enterprise with 59 persons aboard ran on the rocks at Point Arena early today. Coast guardsmen said the vessel was in danger of breaking up in pounding seas.

Coast guard headquarters here said the ship ran fast aground on the treacherous rocks and was "taking water badly in holds

one, two and three." A heavy fog blanketed the area about 100 miles north of San Francisco.

Ms. Pacific Enterprise, reported wrecked off the California coast today, is operated regularly between British ports and Victoria by the Furness (Pacific) Line. The Enterprise last called at Ogden Point here Aug. 20 to disembark passen-

gers and discharge freight, sailing the following day for Vancouver.

Capt. M. E. Cogle, her master, expected to retire on his return home after 50 years of service. Cec. Ridout, manager of King Brothers, Furness Line agents, said there were no passengers aboard the Pacific Enterprise from Victoria.

### Vancouver Doctor Accidentally Gassed

VANCOUVER (CP)—A kettle of water which boiled over is blamed for the death of Dr. Clarence H. Inkster, found unconscious in the gas-filled kitchen of his home here Thursday night. A son, Gerald Inkster, told police he found his father on the floor in the kitchen. He said a kettle and a pot filled with water were on a three-burner gas plate, and that gas was "escaping" from one burner. It is believed the water boiled over and extinguished the flame.

Dr. Inkster died before reaching hospital.

### Shots Fail To Stop Young Toronto Thug

TORONTO (CP)—A youthful lone bandit today held up a North Toronto branch of the bank of Montreal and escaped in a hail of bullets fired at him by the bank manager. Police said the robber got away with \$2,000.

## Consulate Of U.S. At Hankow Closed

WASHINGTON (AP)—The United States today ordered closed the American Consulate-General in the Communist-held Chinese city of Hankow.

At the same time staffs of the U.S. Embassy in Nanking and the Consulate-General in Shanghai were ordered reduced by about half.

The State Department said the action was due mainly to the attitude of Communist authorities toward "representatives of foreign powers friendly to China" and also to their failure to "discharge the normal obligations of international intercourse."

### Switch To Peace

### \$363,974 Contract

Works Minister E. C. Carson today announced his department had awarded a \$363,974 contract to Highway Construction Co. Ltd. to build 0.965 miles of highway in the Fraser Canyon.

It will be one of the most expensive pieces of road in the province, involves the reconstruction of the Trans-Canada Highway from Alexandra Lodge east. Fills will replace seven wooden bridges.

## Police Check Report Bogus Money In City

Following a report in Esquimalt yesterday that a bogus \$10 bill had showed up there, came a story today told to city police by a woman in a store that she believed three men tried to change a counterfeit bill of the same denomination.

According to Chief of Police Gilbert Stancombe of the Esquimalt Police, the bill there had been brought from Vancouver by a navy man.

He said the sailor discovered it as a counterfeit and there had been no attempt to pass it. The sailor was the loser as bogus bills are confiscated and there is no compensation for the victim.

VANCOUVER (CP)—Police today were investigating a report a Vancouver man was "well paid" for passing worthless \$10 bills at the Pacific National Exhibition here. No arrest has been made. Po-

Dorothy Little of 2017 Quadra Street said that when she refused to cash a \$10 bill proffered by three men to pay for their coffee, they paid the bill in small change and left.

City police were called in. They interviewed two men in a parked car by the store but learned they were not the ones involved.

Miss Little was able to furnish the police with a description of the trio. Some Victoria business establishments are following the same course as Vancouver businessmen in refusing to accept \$10 bills because of the danger they might be bogus.

### Say Bad Money Passer Well Paid

Police were told the man had \$300 in genuine bills when he returned home. Police are still checking reports of bogus bills in the Greater Vancouver area, but claim there are no developments in their investigation.

### 1,700 Killed

CANTON, China (AP)—Chinese press reports said today 1,700 bodies had been counted in last Friday's great fire at Chungking.

### Search Strait For 2 Missing U.S. Planes

PORT ANGELES (AP)—A Seattle naval reserve fighter plane and pilot vanished Thursday night from a home-bound three-plane formation over the Strait of Juan de Fuca.

A moonlight search by air and water during the night failed to disclose any trace of the missing craft. The heaviest fog of the season prevented any resumption of the aerial search this forenoon.

A Sand Point Naval Air Station information officer said the other two pilots saw the missing craft for the last time as it left the formation with a message from its pilot: "I'll see you in a few minutes."

While reports of Thursday night's crash were being received, R.C.A.F. launches were assisting in the search for another U.S. naval reserve plane reported crashed in Juan de Fuca Strait Tuesday.

### Inquiry Announced Into Workmen's Compensation Act

CHIEF JUSTICE SLOAN

A Royal Commission inquiry into the Workmen's Compensation Act, to be conducted by Chief Justice Gordon McG. Sloan, was announced this afternoon by Labor Minister John Cates.

Chief Justice Sloan of the B.C. Appeal Court, has been given wide authority under the terms of his commission, said Mr. Cates. He will deal with "such matters as administration of the act, any relative facts and reasons relating to any proposed amendments to the act, any questions of fact or law which may be referred to the commission or into which it may in his opinion be necessary to enquire."

Dates of the hearings will be announced by the chief justice shortly.

The inquiry will be the second into the Workmen's Compensation Act conducted by the chief justice. Several years ago he made an exhaustive study of the act and its administration, recommending changes to the Legislature.

The appointment of the commission implements the government's policy, announced during the last session of the Legislature and during the provincial election campaign.

Mr. Cates expressed gratification that the services of so able and experienced a man as the chief justice had been made available for a matter of such great importance to both labor and industry.

## Spectators See Airliner Disintegrate

ST. JOACHIM, Que. (BUP)—Twenty-one persons met flaming death today when a Canadian Pacific Airlines plane exploded and crashed in rugged mountainous and bush country near here.

Search parties broke through dense undergrowth shortly after noon and found the smouldering, charred wreckage of the DC-3 passenger aircraft. There was no sign of life.

They found four bodies, burned to a crisp, lying in the bushland. Others were believed scattered over the wide area on which the wreckage fell when the plane plummeted to earth.

C.P.A. said the plane left Montreal this morning, stopped at Quebec City, and was headed for Bale Comeau, Que., on the rugged north shore of the St. Lawrence River.

The search party reported finding the wreckage about 1,000 feet up on the flank of a mountain. Witnesses in the district said they had been watching the glint of the sun on the plane's silvery hull when it suddenly exploded, scattering flaming wreckage earthwards.

"There was a sudden explosion and pieces of debris fell from the sky like rockets," Patrick Bouchard, a farmer near here, said.

C.P.A. issued the following list of passengers:

H. Pie, Sherbrooke, Que.; Mrs. R. Durette, Mrs. A. Guay, Mrs. R. Chapados, Miss F. Chapados, and a Chapados baby who boarded the plane at Quebec City; Dan Standard, L. D'Allaire, a Mr. Calman, a Mrs. Ferlose, a Mr. and Mrs. Bouchard, R. J. Parker, a Mr. Storke, a Mr. Keller, and G. Humphries who boarded the plane at Montreal.

The airlines said it had the names of only 16 passengers, but that there were 17 on board. The crew consisted of Capt. Pierre Laurin, pilot; Gordon Alexander, co-pilot; Emile Theriault, flight engineer, and Gertrude McKay, stewardess. The last named said to be from Edmonton.

## Railmen First At Scene

The plane went down 17 miles from the nearest highway at 10:45 this morning. The wreckage was two miles from the Canadian National line and the first to reach the scene went there on a railman's trolley. They hacked and broke their way through the bush and found the forest singed over a wide area by the flames of the wrecked DC-3.

When the plane was first reported missing at Quebec City air force officials said the ceiling was too low to send out a search plane.

Residents described hearing an explosion and, looking skywards,

noticed plumes of smoke trailing toward the earth.

Police said the crash was first reported by a fisherman who saw the machine plunge into the mountain while pulling in his nets.

Three Americans were among those on board the crashed airliner.

They were E. T. Standard, president of the Kennecott Copper Company of New York, R. J. Parker, vice-president of the same company, and also president of the Quebec Iron and Titanium Company, also of New York, and a Mr. Storke, who was believed traveling with Standard and Parker.

## Selling Goods For Dollars Only Solution Says Cripps

WASHINGTON (AP)—Sir Stafford Cripps said today the "only satisfactory solution" for Britain's economic plight is to sell enough goods for dollars to become self-supporting.

The Chancellor of the Exchequer made that statement in a speech at a National Press Club luncheon.

Indicating British acceptance of American advice to streamline selling techniques, he said that "on the question of exports to dollar markets, I believe there is a most urgent need for more intensive salesmanship."

Sir Stafford pictured the solution of Britain's economic crisis as essential for the co-ordinated political and military strength of the west in its struggle with communism.

### GOOD PROGRESS

He said State Secretary Dean Acheson and Foreign Secretary Ernest Bevin had made "remarkable progress" toward building the western political and defence structure, but added:

"All this progress will be in vain if we fail to provide a sound economic basis for these combined efforts of the free democracies."

The twin themes of Sir Stafford's address were hard work for the British people in their struggle to live on their income and hope for success in the Anglo-American-Canadian financial talks which opened here Wednesday.

These talks, Sir Stafford reported, "have opened in an atmosphere of mutual determination to bring some more

permanent solution so as to avoid these recurring crises in the dollar-sterling relationship."

Out of the talks already have come indications of limited U.S. help to Britain in meeting its current dollar crisis. Long-range aid, however, may be slow in developing. Congressional action likely will be required on several major proposals.

## Fight Preceded Canton Shooting Police Establish

CANTON (AP)—Chinese police established today the killing of an Englishman Thursday and the wounding of two U.S. citizens in a suburban Canton home was preceded by an early morning free-for-all fight.

The Americans, Leonard Clark, 41, San Francisco explorer, and Willard Freeman, Bridgewater, Mass., businessman in whose home the shooting took place, told police of the fight.

The man slain was Shanghai-born Harold Harris, export manager for a Chinese supply firm headed by Freeman. Harris and Clark were house guests of Freeman. Police did not reveal who handled the weapon, a .32 calibre pistol.

The explorer, recently returned from northwestern China, where he was rumored to have found a peak in the Anne Machin Mountains higher than 29,141-foot Mt. Everest.

(Mrs. Beth Harris, widow of the slain man, lives at 477 Sturdee Street in Esquimalt.)

## DUNMOW FLITCH

AMONG the many interesting documents that come my way, one of the most interesting was one which reached me a few days ago. It is a questionnaire sent out to married couples intending to apply for the Dunmow flitch—not that I am thinking of doing so, by the way.

The flitch—or side-of-bacon—is the traditional prize presented at what is considered the funniest mock trial held in Britain and which has for centuries drawn crowds of people to the Essex village on October 1.

The Dunmow trials were instituted in the 13th century by Lord Fitzwater, an Essex baron whose own marriage was unhappy.

## COUNSEL AND JURY

WHILE IT is a mock trial, the proceedings are conducted strictly according to law. There is a judge, counsel for the claimants, counsel for the flitch, also a jury consisting of six local maidens and six local bachelors. In addition to receiving the bacon, the winning couple is carried around the town in a replica of the chair used 600 years ago.

Any married couple who can claim to have "lived blissfully together for a year and a day" without a single quarrel is entitled to enter the trials which are held annually at the place and time mentioned above.

But, as with every other trial, they have to appear in person to undergo a rigorous cross-examination as to their marital harmony.

## NEW ZEALAND GIFT

THIS YEAR, the winners who bring home the bacon will do so thanks to the generosity of a New Zealand farmer. Knowing that bacon is a scarce commodity in Britain's austere cupboard, he gave a quantity to the Commonwealth Gift Scheme for distribution in Britain, on condition that one of the finest flitches was reserved for the Dunmow trials.

The questionnaire I have before me probes the spare time recreation of applicants, their tastes, asks for proof of their attachment to each other, and poses many other personal questions.

From the many written questionnaires, the committee selects two or three of the most promising couples, who then have to appear in person for what to most people would be trial by ordeal. That is when the fun starts—for the spectators.

## THAT CUP OF TEA

AT ONE TRIAL, a wife said on oath: "When we first married, my husband agreed to bring me a cup of tea in bed every morning. He did so for two months. Then he said we'd take it in turns—but his turn hasn't come around yet."

On another occasion a middle-aged Darby and Joan attributed their happiness to freedom from the "chief causes of marital strife," which they listed as follows:

Husbands—bad temper, untidiness, staying out late. Wives—extravagance, irritability, bad cooking.

## THOSE THAT ENDURE

SUCH A PARADING of personal peccadilloes and propensities would be more than most people—even those whose marriages endure—could endure. But, it is said, the whole thing is conducted in such a spirit of good-natured banter that no one seems to mind.

But at least the Dunmow flitch trials remind us of some marriages which endure. And with the almost adulatory prominence given these days to those that don't, and the so-called divorce trials which disgustingly parade the most pitting excuses for severing the marital tie, such reminders are all to the good, in my opinion.

# Offered Prize For Toeing Party Line

By RICHARD KASISCHKE

PRAGUE (AP)—Czech newspapers disclosed here their editors are offering citations for the best stories denouncing the United States, lauding Russia, or praising Henry Wallace.

The competition apparently is being run in connection with "Czechoslovak Press" Day now being observed here.

The day is being celebrated under such slogans as "Socialism

(i.e. communism) is truth itself."

This motto, proclaimed by the Communist weekly, Svet Prace, is being echoed in similar forms by other papers.

Editorial hallings press day observed that a "great change" had come over Czech papers, especially since February, 1948, when the Communists seized control of the government.

A young man and woman who walked into D'Alaird's Ltd. store at 709 Yates Street Thursday afternoon stole a suit and got away with it. Police have a description of the pair from store employees.

# Seek To Better Conditions Of Provincial Civil Employees

Representatives from six provinces were present for the annual meeting of the Canadian Council of Provincial Employee Associations at the Empress Hotel today. Left to right, Gordon Moore, president of the B.C. Provincial Government Employees' Association; A. Peart, president of the council; Gordon Wismer, Attorney-General; and Roy Harrison, secretary-treasurer.

The provincial government is interested in any plan to better the relations between civil servants and the government, Attorney-General Gordon Wismer told the Canadian Council of Provincial Employee Associations which opened its annual meeting at the Empress Hotel today.

Mr. Wismer, representing Premier Byron I. Johnson, welcomed the delegates to Victoria and expressed the hope they would achieve beneficial results at their meeting. He said the provincial government was ready to support any organization which strive to establish better relations between employer and employees.

"It is better for everyone," he said.

Following Mr. Wismer's address of welcome, the delegates, representing 50,000 provincial

governments' civil employees in five provinces, began studying various problems of civil servants and to draft a uniform policy for provincial governments' employees. Two observers from Quebec were present at the meeting.

## DEMAND MORE SERVICES

A. Peart, president, in his annual report stressed the modern trend to demand ever increasing services from federal governments.

"Quite apart from any consideration of ideologies and politics," he said, "the taxpayers appear to demand year after year increased government supervision, financial assistance and control of more and more phases of daily affairs."

He pointed out that this in turn demanded increased staffs. "At the same time democratic

people have a mistrust of bureaucratic controls," he said. "Much remains to be done in public relations work to educate and publicize a true appreciation of the duties and responsibilities of the public servant in the modern state."

The meeting will adjourn Saturday evening. Delegates will be entertained by the Victoria Branch of the British Columbia Provincial Government Employees' Association at the Shrocco Club tonight.

Delegates attending the meeting are as follows: E. P. O'Connor, C. N. Cook, British Columbia; A. Peart, R. A. Harrison, Alberta; Walter Sandstrom, Ivo Burrell, William Leonard, Saskatchewan; N. B. Laursen, Manitoba; R. J. Johnston, S. J. Dawson, Ontario; Louis Normand and Paul Lecavalier, Quebec.

# B.C. Gas Sales Set New Record In July

British Columbia smashed another record for gasoline consumption during July, the Coal and Petroleum Control Board reported today.

Total sales for July were 13,962,225 gallons, the board reported. This exceeds the previous peak record, set in June of this year, by 3 per cent. The July sales were 5 per cent higher than July, 1948, sales.

The board, however, reported: "This shows a lessening in the rate of increase for the current year over 1948, the first six months average for which is 11 per cent."

July sales to resellers totaled 9,231,007 gallons, a 9.50 per cent gain over the previous July. In Victoria sales totaled 861,776 gallons, a 5.24 per cent increase. Comparing July of this year with July of last year the board reported a 2 per cent decrease in commercial sales and a 10 per cent decrease in marine sales. Aviation sales, however, showed a 17 per cent gain.

# Amethyst Homebound From China Waters

HONGKONG (AP)—The Royal Navy sloop Amethyst, spick and span after the scars of Communist gunfire on the Yangtze River had been erased, left for Britain today. Aboard was the same crew which anxiously waited out three months on the river before its sensational escape to the sea late in July.

The Amethyst was attacked by Communist shore guns between Nanking and Shanghai. Three other British warships rushing to her aid were driven off by shore fire.

# North Vancouver Girl In 'Miss America' Contest

ATLANTIC CITY, N.J. (AP)—Are girls from the west prettier than eastern or southern belles?

Preliminary results in the 1949 Miss America pageant seem to point that way. All preliminary winners announced in the talent and bathing-suit divisions are from the west, including Miss Canada.

Tonight's third and final preliminary contest may give the westerners the upper hand in the finals tomorrow night, but no one will know until the 15 finalists are announced then.

A demure Canadian miss, Margaret Lynn Munn of North Vancouver, pulled down the top spot in the talent division Thursday night with a rendition of the opera "La Traviata." And another west-of-the-Mississippi beauty won in talent the night before—Miss Minnesota, Gloria Yvonne Burkhardt of Minneapolis.

Sylvia Canada, an 18-year-old eyelet from Denver, Miss Colorado, took first honors in the bathing suit preliminary last night. The night before, Miss Arizona, Jaquie Mercer of Litchfield, and Jone Ann Pederson of Santa Rosa, Miss California, tied for the class-chassis award.

But eastern and southern girls may make up for their losses in the personality and evening gown divisions, in which nightly preliminary winners are not announced.

Frequently, some of the girls, selected among the 15 finalists come as a complete surprise to the audience. There have even been instances when an announced preliminary winner failed to make the grade in the finals.

FOR \$25,000 But generally a preliminary winner is a cinch for a crack at the finals for the \$25,000 Miss America scholarship jackpot.

When Miss America of 1949 is crowned late Saturday night, she'll cash in on a \$5,000 scholarship, as well as a new car and numerous personal appearance contracts.

The 14 runners-up will share in another \$20,000 in scholarships.

# Firemen, Police Offer Aid Members On Small Pension

The Union of B.C. Municipalities today met with mixed feelings an offer of the B.C. Provincial Association of Firefighters and the Vancouver City Policemen's Federal Labor Union to share equally the costs of augmenting pensions of superannuated members of the two forces.

The two groups claimed pensions were so small for firemen and policemen that superannuated members were starving.

The U.B.C.M. endorsed the offer of the two groups and recommended to cities affected they consider implementation of the extra pension plan.

Ald. R. K. Gervin of Vancouver opposed the offer on the grounds

it was wrong in principle. He said it would put retired firemen and policemen in a position of having to accept charity.

What the U.B.C.M. should do was demand proper pensions from the higher governments for all superannuated.

Other delegates to the union convention agreed to this, but the majority thought that the 50-50 offer should be accepted until such time as an all-over contributory pension scheme was introduced in Canada.

Mayor Percy George of Victoria said the union executive had not got "to first base" with the government so far in efforts to raise the present basic pensions for municipal employees.

# U.B.C.M. Asks B.C. Assume All School, Social Costs

The three-day 46th annual convention of the Union of B.C. Municipalities ended its business sessions shortly after 12 noon today, with a demand that the province assume all education and social service costs.

Delegates reaffirmed a stand taken in 1947 by the union that: "School costs have increased to a point where the provision of essential services within municipalities are suffering because the limits of taxation on land have been reached. Should this be allowed to continue it will mean paralysis and eventual bankruptcy for many municipalities."

The question of grants from

the government was sidestepped in the resolution after considerable discussion Thursday.

Some delegates favored relief from all school costs for municipalities with the province retaining all grants paid to municipalities for such purposes.

Others thought the municipalities should be relieved of 90 per cent of educational costs and the government retain all grants.

Still others thought the one-third municipalities' share of the 3 per cent sales tax should be kept by the province. They were opposed strongly by a group claiming the share of the sales tax was not an education grant.

# Vatican Forbids Czech Priests To Sign State Pledge

PRAGUE (AP)—The Vatican has forbidden Czech priests to sign any "loyalty pledge" to the Communist-led Czechoslovakian government, church sources here said today.

These informants said a special radio broadcast from the Vatican instructed Czech Catholic clergy to sign instead a pledge composed by the church.

They said this would be worded:

"I hereby promise as a faithful citizen to remain loyal to the Republic of Czechoslovakia; to undertake nothing that would be against her interests, security and sovereignty. Faithfully I shall fulfill my duties as a priest and shall do my best to take an active part in all reconstruction efforts aiming to achieve greater prosperity of Czechs and Slovaks."

Signing of loyalty pledges by the clergy would be required under terms of a church control bill which is scheduled to come before Parliament next month. The proposed law, which is expected to get speedy passage, would give the government control of church finances, appointments and administrative affairs.

# Replace Argonauts With Skymasters

LONDON (Reuter)—British Overseas Airways Corporation's Canadian-built Argonaut airliners on the Far-East service, grounded because of minor engine defects, will be temporarily replaced with 36-seat American Skymasters from the London-Bahrain service, it was learned here.

The Argonaut, a Canadian version of the American DC-4 Skymaster four-engine airliner, is equipped with British-built Merlin liquid-cooled engines.

# Warn Of Nazi Papers

FRANKFURT (Reuter)—A spokesman for the United States Military Government, in an address broadcast Thursday night by five German radio stations, warned Germans against supporting newspapers published and edited by former Nazis.

C. E. Sherwin, 68 Dallas Road, reported to city police Thursday that a 55-foot length of garden hose was stolen from the front of his home Wednesday night.

## B.C. Asked To Probe Hospital Costs

An immediate inquiry into hospital administration and management costs was demanded Thursday of the provincial government by A. J. Turner, C.C.F. M.L.A.-elect for Vancouver East.

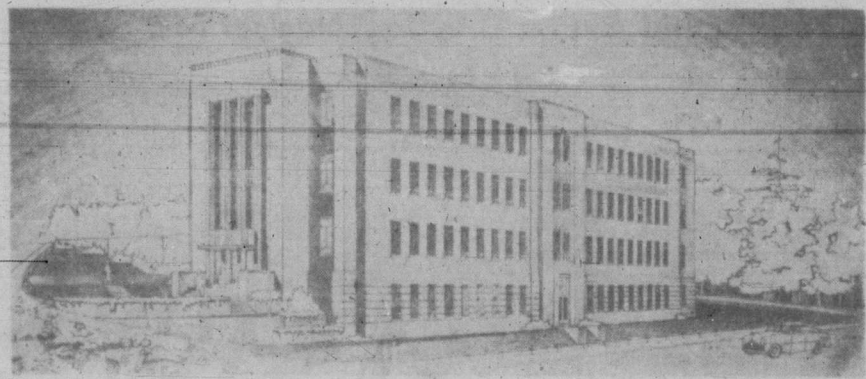

In a letter to Premier Byron Johnson, Mr. Turner said that should the inquiry show that the increased amounts are necessary to provide the best service to the sick and injured, then the government should explore other avenues of raising the funds instead of placing the extra burden

upon the citizens of the province.

While raising premium rates might meet the deficit at the moment, it gives no assurance that further increases may not be levied.

At the same time Mr. Turner urged that the government give consideration to relieving low income groups of the burden of premium payments.

## Victoria Woodworkers Will Vote Monday On New Proposal To End Strike Threat

Officers of the Victoria Local 1-118 of the International Woodworkers of America (C.I.O.-C.C.L.) have called the union's membership to a meeting here Monday night to ratify the settlement proposal announced Thursday night.

Union officers feel confident that the membership will accept the settlement formula, thus ending the threat of a strike which has been shrouding British Columbia's sawmill and logging industry for several weeks.

The meeting here will be held at the union's local headquarters, 715 Johnson Street, at 8 Monday night.

The settlement proposal will go before the meeting as a recommendation of the union's district policy committee.

The proposal provides for no change in the wage scales for the estimated 20,000 workers employed by 165 coast logging and sawmill companies; reduction of daily board rates to \$2.25 per day from the \$2.50 which is gen-

eral in most camps; maintenance of the 40-hour week and clauses to protect the union's bargaining position during the life of the new contract.

### DATED JUNE 15

The new contract, it is recommended, will be dated June 15, and will run for one year. This means that the contract will run out one month earlier next year than it did this year.

Roy Whittle, Victoria I.W.A. local representative on the union's district policy committee, today paid tribute to the efforts of the Labor Relations Board in working out a settlement proposal after negotiations, opened more than four months ago, had deadlocked.

"If it hadn't been for the Labor Relations Board I doubt if we could have got together," he said. Mr. Whittle said the union felt that it should have gained further concessions, particularly for greater union security and for payment for employees for statutory holidays not worked. The lengthy negotiations, mainly carried on in Vancouver, came to a head following the announcement of a majority award by a three-man conciliation board. The majority award, branded by the union as a "status quo" award, rejected both the union's and operators' demands.

The union had requested a 15-cent-an-hour across the board wage boost, introduction of a health and welfare plan for logging and sawmill workers, and several other changes in the 1948-49 contract. The operators had demanded that the wage scales be slashed by 13 cents an hour.

The settlement proposal, signed by the union's district policy committee and by R. V. Stuart, negotiating authority for the operators, was announced here late Thursday by Labor Minister John Cates. Earlier, Mr. Cates had reported that the union and the operators had resumed negotiations and he was very hopeful that an amicable agreement would be reached. This was the first formal statement that the negotiations, broken off following the conciliation board's report, had been resumed.

### STRIKE VOTE PLANS

Even while these negotiations were proceeding the Labor Relations Board, acting on an application of the union, was preparing for a government-supervised strike vote among the woodworkers. The board unofficially reported Thursday that the machinery to take the vote was ready to roll in some places but voting would probably not get under way until the week-end when the arrangements had been completed elsewhere.

Had the strike vote been taken it would have been the largest and most difficult ballot ever conducted under the government-supervised strike vote provision of the Industrial Conciliation and Arbitration Act. The provision was written into the labor code in 1947.

On only one occasion has a mass strike of the woodworking industry in British Columbia—the largest source of wealth and employment in the province—been effected. That was in May and June of 1946. The strike involved an estimated 32,000 men, cost an estimated \$8,000,000 and lasted more than a month.

Both government and union officials hailed the settlement proposal.

Stewart Alsbury, district president of the I.W.A., said he felt wage rates had been definitely established for the next 12 months and that any increase gained by prolonging strike action would not compensate for wages lost.

"We think we have done a good job of bargaining on an industry-wide basis," said George Mitchell, secretary of the union's district 1 organization.

"We would have been stronger if we had not had to fight the Wooleys," he continued, referring to the rival Woodworkers' Industrial Union which broke with the I.W.A. last year.

Referring to the proposed new article protecting the bargaining authority of the I.W.A., he said it would be a "preferential" bargaining clause guaranteeing that the operators will deal strictly with the I.W.A.

Mr. Whittle added that no other bargaining authority could challenge the I.W.A.'s certification for the next 10 months. He said there would be no raiding by other unions.

Mr. Cates said he believed a satisfactory settlement of the dispute had been reached.

Premier Byron Johnson commended "the manner in which the whole matter had been directed by Mr. Cates in his first big task since being appointed to the cabinet."

## Revenue Higher

Revenue of the city lands department up until Aug. 31—this year was higher than the corresponding period of last year, although sales of reported property dropped, Ald. D. D. McTavish, lands committee chairman, announced Wednesday.

Revenues for the first eight months this year amounted to \$96,198, compared to \$77,556 during the same interval in 1948.

Reverted property sales this year totaled \$35,942. Last year, they amounted to \$48,959.

Included in this year's sales were 150 lots which were sold for \$1 each to Central Mortgage and Housing Corporation.

## HOW MUCH TIME?

AT THIS STAGE THERE IS NOTHING particularly bright or profound in the oft-repeated statement that until the Soviet Union mends her ways the danger of another fighting war will remain to worry the world. It is nevertheless true; and so long as it is more or less apparent to practically everybody able to study and understand troublesome trends, so will individual predictions of what is or may be ahead continue to vary.

During the course of his address of welcome to the delegates to the Conference on Commonwealth Relations at Bilgwin Inn yesterday, however, Hon. Brooke Claxton, Canada's Minister of National Defence, contributed a constructive note when he said:

"We must never regard the Iron Curtain as inevitable or necessarily permanent. If we are true to our belief in our democratic institutions, then it follows that given time, democratic institutions will prevail. They will prevail because they are better and more efficient, and we must make and keep them better and more efficient."

While the foregoing is sound ministerial philosophy, and underscores the obligations which all of us must be willing to accept and discharge, Mr. Claxton is under no delusion about the future and its relationship to the present. For example, he also posed the argument that "peace will be secure as long as the Russians know that they cannot win a war of aggression against the forces of freedom," and that "peace will continue to depend on strength until there are other developments not presently visible on the distant horizon." And the minister took note of what he termed "Communist Russia's revelation of the unlimited nature of her ambitions," pointing out that it is these ambitions which had "arrayed the forces of freedom as the League of Nations never succeeded in doing."

What still puzzles the man and woman on the street, of course, is the measure of influence on the men of the Kremlin the gradual expansion of democratic example in other lands is likely to have, and how much time will be required to produce the impression for which Mr. Claxton quite properly hopes. His prescription is the correct one. But only the events will tell whether or not Stalin and Company—when it suits them—intend to pit their "ambitions" against the "forces of freedom"—which, by the way, do not propose to be caught napping a third time.

## GIVEN RECOGNITION

FOUR PAGES AND THE COVER OF THE current issue of Time Magazine are devoted to Prime Minister Louis St. Laurent—a tribute alike to Canada and to the man who heads the Dominion's government. In its political assessment as well as in its homey touches illustrating the life of the Liberal leader, the periodical gives an interesting account of the man who has crowned his successful career in the legal profession with the assumption of the highest elective office in this country.

Many of the published facts are already known to Canadians; some may be new to individual readers. But the choice of the Dominion's Prime Minister as feature subject for the week, in a publication concerned mainly with domestic events and international news as it affects the United States, is a fair indication of the "new recognition" that is being accorded this nation. The article is particularly timely as Canadian representatives gather in Washington with Britons and Americans to discuss the critical economic situation. The average American's knowledge of Canada, never great, should through these media be considerably enlarged.

## LEAVE IT TO THE MINT

THE CURRENT FLURRY OF ANXIETY in regard to counterfeit \$10 bills in British Columbia emphasizes the importance of good faith in all that pertains to currency. The paper and ink of the bill are of little material value; it is the markings and their authenticity that constitute its worth. The man who accepts a \$10 bill in return for his goods or services does so in the belief that he can pass it on for similar value to someone else. If that belief becomes shaken, if his faith in the currency lapses, then the bill deteriorates rapidly to the point of worthlessness.

Thus it is that a threat of the presence of bogus money in a community induces people to refuse even the genuine article. Fear that the next person will decline to accept the money undermines the whole structure of confidence. Until the scare dies down, all money is suspect, regardless of its backing. A similar condition is represented by the economic adage that "bad money displaces good." A known "good" bill will be kept and hoarded; the possessor cannot lose by holding it. But currency of doubtful value tends to be passed along rapidly—a financial hot potato—and eventually will drive better coins or bills out of circulation.

It is a risky business to tamper illegally with the currency issue. The penalties are severe and it is well that they are strictly

enforced. In these days when to many a wage-earner it seems that the dollar is dwindling in value through purely economic processes, it is additionally intolerable that by artificial means confidence should be weakened in this "measure of value and medium of exchange."

## A MATTER OF RIGHTS

DELEGATES TO THE CONVENTION of the Union of B.C. Municipalities have turned down a Nanaimo proposal that sought to impose regulation on the distribution of advertising and similar pamphlets on the streets of cities and municipalities. They are to be commended for so doing. As one member pointed out, such a form of police censorship could conceivably be interpreted as regulation of the sale of newspapers—a power which the municipalities might well be chary of assuming. It was suggested by another delegate that the Nanaimo proposal was directed principally at the activities of a religious sect and labor union members. But whatever the immediate objective of such legislation might be, the U.B.C.M. would have been on very shaky legal and ethical ground if it had supported such an attack on the traditional freedoms of religion and labor.

Although some aspects of the street distribution of literature may constitute a nuisance, this is a far lesser social evil than would be the arbitrary repression of such activities by local authorities. The laws pertaining to libel, treason and obscenity provide sufficient protection for the public at large. We are happy that there are no laws to force us to read literature handed to us on the street. Let us remember that the first step in the removal of that freedom might well be the repression of the right to distribute ideas in printed form.

## IMMUNIZATION

THROUGHOUT CANADA DURING THE next few days, public health agencies will continue to draw attention to the potential life-saving function of immunization. Starting on Sunday a special week has been designated for that task. As in recent years, the event is expected to pass without controversy. In the course of time the public has come to accept the principle supported by the vast majority of medical practitioners, and has been inclined to discount those who contended that introduction of any foreign matter into the blood stream threatened physical wellbeing.

The acceptance of the theory, however, is not enough. Benefit accrues only when the principle is applied. As a result of previous successful campaigns, health authorities are satisfied great advances have been made against diphtheria and whooping cough. Lives are still taken by those ailments, usually among children. In order to avert personal tragedy from such diseases, universal immunization is the desirable goal.

None in this community need be denied treatment. Immunization is available through public health agencies. It is the course of wisdom as well as good citizenship to take advantage of that service.

## SUPPORTING ROBESON'S CASE

THE STATURE OF PAUL ROBESON—a great voice and a commanding stage presence—has shrunk in the eyes of probably millions of his fellow countrymen because the distinguished negro has espoused a cause which is repugnant to the majority of the citizens of the United States. His influence has been minimized, by the extravagance of some of his assertions. The divergence of his justifiable crusade against injustices to the championship of an ideology with which democratic peoples are out of sympathy has weakened his case.

But occasionally Robeson draws strength from unexpected quarters. This week, on a hill overlooking Birmingham, Ala., the night-shirted forces of the Ku Klux Klan burned his effigy. Thereby they gave the singer and Russophile fresh ammunition for his war not only against the puerile intolerance of that lunatic fringe in bed sheets, but against the more responsible and understanding citizens of a great nation. With the convictions Robeson has expressed in recent years, most people on this continent disagree. However, while the cowardly extremism of the K.K.K. hoodlums continues, the cause of Robeson's antipathy is plainly exposed.

## THERE IS A LIMIT

THOSE EMINENT AND CONSCIENTIOUS municipal representatives who have been deliberating in Victoria this week seem to be fairly unanimous in their opinions that the government of the province should be contributing still more to civic efforts to defray the growing expenses of such vital public services as education. Our own Mayor George, for instance, is evidently finding it increasingly difficult to curb his "Oliver Twist" propensity for asking for more—and more.

What the leaders of municipal government would do well to bear in mind, or so it appears to us, is that if the provincial administration permits itself to fall victim to all these successive importunities, the time may come when the provincial authorities will want to take a much more intimate interest in municipal spending than is at present the case. Some chief magistrates and some aldermen might feel inclined to call that "interference." The government might call it sound business procedure.

Child psychology works in reverse nowadays. It's the child who puts it to use in handling the parent.

## Dollar And Pound

Condensed from the New Republic, New York

GREAT BRITAIN, the home of a great free people, the centre of the one international society in the free world, the acknowledged ally and the unacknowledged partner of America for ten hard years, is moving into a major economic crisis. Her gold and dollar reserves, almost exhausted by losses of \$260 million in the second quarter of 1949, may fall by \$400 million in the third quarter. At this rate, Britain will be bankrupt within a year.

The crisis is not a British crisis but a sterling one. And the immediate cause of the exhaustion of sterling reserves is not in Britain at all. British exports to America have fallen to one-half of last year's rate, but this decline accounts for only 15 per cent of the fall in the sterling reserves. One-half of our total sterling imports consists of rubber and tin from Malaya, jute from India and Pakistan, wool from Australia and New Zealand, and cocoa from the Gold Coast and Nigeria.

THE SHARP decline in our imports of these goods and in their prices was the initial cause of the crisis. It became almost unmanageable when John Snyder's assurances to American bankers that devaluation of sterling was "in the bag" set off a flight from the pound.

At any time but this, these losses would be within the capacity of the sterling system to absorb. But the system, already weakened, was overtaken by the commitments made by Britain in the winning of the war. . . . In a cause in which we later accepted an unlimited commitment, Britain gave up the inheritance of centuries of effort and committed herself to sterling debts of \$12 billion, a sum which would have taken her labor force, working on exports, 50 years to repay.

THE IMPOSSIBILITY of repaying these sterling balances in a few years alone made rigid exchange controls and bilateral agreements inevitable in postwar Britain. For Britain has been paying out hard-earned dollars to the Near East, Africa and Asia. . . .

The British people have worked far harder than any other nation in Europe to meet their commitments. . . . Britain's ratio of exports to imports has been lifted by 90 per cent. But this reflects effort rather than result. Britain's total trade is balanced but her trade with the Dollar Area is desperately unbalanced.

TWO MAJOR and immediate decisions face the British. The first is devaluation. It is necessary at once in order to encourage sterling exports to America and to discourage sterling purchases here. It is necessary as a long-term solution because until the price levels of the two areas are brought into a sensible relation no common economic system can be organized. The second necessary step is a settlement of the sterling balances.

These two decisions are costly gambles for Britain. The first threatens the living standards of the British people; the second the continuation of the Commonwealth.

THE BRITISH government is unwilling to act unless we share some measure of the responsibility for these actions. And this, our government is refusing to do.

It argues that devaluation cannot be regarded as a service to America which entitles Britain to support in return, since its purpose is to reduce the market for American exports and to increase Britain's means of competing with American manufacturers.

And—as long as we regard the two nations as competitors and not partners—this narrow and sterile financial viewpoint is logical. . . .

THE BEST PROGRAM which we can offer would be the rapid extension of Point Four from a technical assistance program to a major financial program of economic development. It would be financed by greatly increasing the lending power of the Export-Import Bank through the use of American gold reserves. This program could overcome the world shortage of dollars without additional appropriations; it would offer alternative dollar sources to Britain's creditors and even permit Britain to repay part of the balances as contributions to the development projects.

Yet we are not considering any major long-range action to support Britain. In strictly economic terms, in the view of Congress and the Treasury, it is not worthwhile. It is not worthwhile in any terms as long as our mutual interdependence with the British Commonwealth is not openly recognized by both sides.

THE ISSUE in the coming negotiations is not simply financial. . . . The barrier to further progress in Anglo-American relations is certainly a short-term financial barrier. But it may never be crossed without some vision of what lies beyond.

We have long since established a silent but effective union with the British Commonwealth, on joint defence. We should now move on to union on the joint management of a banking and currency system.

YET FINANCIAL union, like military union, is irresponsible unless it is part of a wider system by which peoples are joined. This wider union is a natural step. We are not recommending immediate union. We are advocating an immediate agreement on principle that union is the goal.

## Don't Neglect Your 'Week-End Reading'

## As Our Readers See It

### B. C. N.

I was interested in reading the article about Ben Nicholas in the Reader's Digest.

He used to play with my brother, Donald A. Fraser, in the upper reaches of Pandora Avenue. They went to the Boys' Central School together and also attended the Old First Presbyterian Sunday School, corner of Blanshard Street and Pandora Avenue.

One Sunday, a missionary from up the coast said he would name three Indian children (boys) after three boys attending Sunday School. He chose the names, Ben Nicholas, Donald Fraser and John Gill—with rather amusing consequences in after years.

HELEN V. FRASER, 314-Huntington Place, Victoria.

### DISAPPEARING SALMON

Mr. J. A. Hiberson in his letter to you of August 30, has somewhat briefly described the dearth of salmon along this part of the coast. His letter deals with the point of view of the sports fisherman and to use his words with the "elimination of the (Coho) salmon run on the Dallas Road and Oak Bay waterfronts."

Mr. Hiberson might have added the near elimination of any run between Victoria and Cowichan Bay, including Satellite Channel and Saanich Arm or, for that matter, any waters within a few hours run by small boat out of Victoria. Most fishermen will surely admit that Coho sports fishing has deteriorated to almost nil during the past few years, judging by standards of 10 to 20 years ago.

We read in the press that the commercial pack of this species of fish for 1949 will surpass that of recent years and in the same breath we read that certain scientific methods are now used,

and are no doubt necessary (my own surmise) to accomplish this result. I refer to echo-sounding devices, government spotting ships, vibrationless propellers, aircraft detection, etc.

Many of us amateurs would, I think, welcome some reassurance or advice from someone in the know on the following questions which suggest themselves:

Is the almost total absence of a Coho run a purely local occurrence due to natural causes? If not, are the large companies with their seiners, traps and canneries keeping up the size of the yearly pack solely by using the scientific methods described above, in spite of a partially depleted supply of fish to draw from?

If correct, will not the natural result be depletion in a few years to such an extent that it will no longer be possible to obtain sufficient fish to operate their canneries?

To what extent has destruction of forest growth in the fresh water spawning grounds affected the breeding of these fish?

What, to quote Mr. Hiberson again, do our fish and game societies think about it?

These are questions, not criticisms. Can any expert enlighten us on the subject?

A. A. LINDNER, 2495 McNeill Avenue.

### VICTORIANS FOR S.A.

The good people of Victoria should be very happy today to know that they sent two of their sons into the service of the Almighty God.

Both young lads are entering the Training College of the Salvation Army at Toronto, and were given a remarkable send-off at the C.P.R. pier by the band and Christian brethren. Let's remember them in our prayers.

J. A. GIBSON, Metropolis Hotel.

### WANTS TO KNOW WHY

In reference to the increase in the hospital insurance fees because of a deficit in operating costs, may I ask why this deficit could not have been made up from the 3 per cent tax funds? According to all reports this tax is bringing into the coffers of the provincial government more millions than were anticipated. Well and good. Then surely funds are available for such social services as might show a deficit in operation.

When one enquires why, or for what purpose the 3 per cent tax is imposed, one is told that social services must be paid for. That is true; and the hospital insurance is a social service.

Now the B.C.E.R. wish to be allowed to increase fares to 10 cents straight. If the B.C.E.R. gave a better and more satisfactory service it might not have a deficit in operating costs. A transportation system exists for the benefit and convenience of the public, and while no corporation can continue to run at a loss, there must be a satisfied community to make the running a success.

The B.C.E.R. is not giving that satisfaction all round. Shovel Bay service is an instance. One may take a bus from the city to the waterfront via Fairfield, but there are no means of transportation to the waterfront from Oak Bay Avenue and district. One has to walk from Central Avenue to whatever point on Beach Drive one is bound. This is indeed poor service. The advance in fares should be vigorously protested. Victoria runs are too short for a 10-cent fare.

MRS. S. H. BRAKE, 370 Beach Drive.

## Toasted -- To A Crisp

By PETER EDSON

DROPPING of Argentine Foreign Minister Juan Allio Bramuglia has recalled in Washington a story of how he first fell into President Peron's disfavor.

It was at the Rio de Janeiro Inter-American Conference in 1947. The conference met just

when Argentine First Lady Evita Peron was returning home after her grand triumphal tour through Europe. As her ship stopped at Rio, the Argentine delegation was instructed to arrange for her to appear before the conference and make a speech.

This was a suggestion which couldn't be refused. So the session was arranged. Evita came into the hall and was cheered. Just as she was preparing to begin her speech, the presiding officer said he felt all the delegates would want to adjourn to the next room, where they could toast the First Lady of the Argentine.

So the doors were opened and

the delegates streamed out to toss one off for Evita. They never did go back. Evita never got to make her speech. Bramuglia, one of the Argentine delegation, got blamed for allowing it to happen, though it wasn't his fault.

## GLOBAL SURVEY

By DEWITT MACKENZIE  
Associated Press News Analyst

THE CURE for Britain's economic illness is a matter of guesswork, but there need be no doubt as to the basic cause of the malady, for it is deep-seated and had its inception long ago. The fact is Britain is suffering from an inherent weakness which was bound to result in an economic upheaval in due course.

What has happened is that two world wars have so speeded up events that this crisis has developed before its time.

Suffice it to hark back to the beginning of this century. Britain was at the peak of her imperial greatness, boasting an empire upon which the sun never set.

Her economic status was as solid as the rock of Gibraltar. The smoke from her factory chimneys wrote across the skies the proud claim that her manufactures encircled the world. Her banks extended their operations into far lands. Lloyds insurance covered the globe like a blanket. British capital invested heavily abroad, creating more "invisible revenues" for England.

### THE WEAK LINK

However, there was a weakness in this mighty structure. Britain in herself wasn't self-sufficient. Apart from coal she had little mineral wealth. She couldn't begin to feed herself, because she didn't have the acres. She lacked most of the raw materials for her manufactures.

How then did Britain achieve her industrial greatness? By the very simple expedient of importing raw materials from undeveloped countries, fabricating the materials, and then selling the manufactured products back to those countries.

Overnight Britain found herself so occupied with making war that she no longer could act as merchant to foreign countries. Backward countries which had been dependent on Britain for woolen and cotton products, among others, suddenly found themselves cut off. They looked about to see what was happening to them and found that they were short on industries of their own. So they started in to remedy the defect and make themselves self-sufficient.

### SECOND BLOW

Thus Britain lost not only untold wealth as the result of war expenditures but her world markets started to slip away from her.

Then along came the Hitlerian catastrophe which reduced much of the world to a state of economic chaos. Britain has been hard hit.

This columnist isn't one of those who think Britain's greatness has run its course. With help from her friends she will weather the present economic hurricane.

Gratitude is one of the sweetest flowers that grow in the human heart. It may bloom unseen, perhaps, but not unfeeling, for where it grows it enriches.

Gratitude is a way of thinking. It is a habit of thought. It is that habit which looks for good, loves good and magnifies good so consistently that discord tends to lessen and existence assumes the harmony that it is meant to have.

### TRUE LEADERS

Exchange  
Every man or woman who flies higher, dives deeper, travels faster than anyone before has added a niche in the hall of fame of human achievement. But the scientist, who opens new worlds, uncovers new riches, points the way to new cures and therapies, is the "good world citizen" in the full meaning of the word. These are the true leaders and saviors of the race without whom mankind would still be back in the shadowed ages and the primeval swamps. He might not even be homo sapiens.

### WINNING BATTLE

New York Times

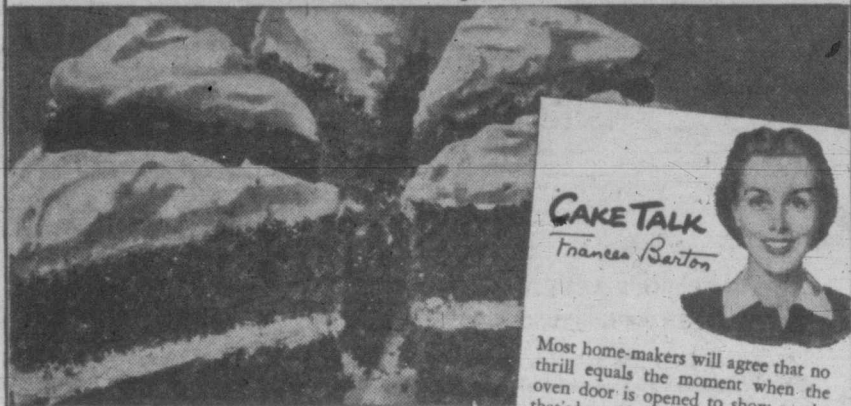

The radio war against communism should be increased in intensity. It is the kind of bloodless battle on which the western democracies can faithfully rely. We are not afraid to put the truth on the air. We are not afraid to let our people listen to anything the Russians have to say in reply. We might jam their broadcasts as a means of bringing pressure on them to stop jamming our broadcasts, but we would not do this out of fear of anything they have to say. It is they who are frightened of what we have to say—and this is one of the most encouraging facts in the whole situation.

Most home-makers will agree that no thrill equals the moment when the oven door is opened, to show a cake that's beautifully risen and browned—even-textured and tender, a masterpiece of the cake-maker's art.

And it is really so easy to make cakes that win you a reputation as a clever baker. But do remember that there is a good reason for every step in the instructions you are given.

Take the matter of sifting flour before you measure it. Flour packs down in the box; so it must be loosened up before measuring. The woman who is too busy to sift flour before measuring, may put as much as an extra half-cup of flour in her cake—and ruin it.

And here's a point to remember, for sure success in cake-making. Always set the measuring cup on a level surface to measure the liquid—and fill until at the correct mark, when you look at it at eye level.

You consider these little things? They may well make the difference between cake that's ordinary, and cake that's really superb!

## Y.M.C.A. Autumn Series Of Activities Announced

Plans for the busy autumn season of activities at the Y.M.C.A. have been announced with emphasis on the physical program.

The gymnasium, which has been closed for redecorating during the past few weeks, will reopen on Saturday night for the first in the series of autumn Saturday night dances.

The swimming pool is undergoing its annual overhaul and will open Sept. 19.

A volleyball league with the prospect of 10 or 12 teams is in the offing. Badminton will commence on the repainted gym floor Sept. 19.

Swim classes for boys and girls six years of age and up will start Oct. 4 for the boys and Oct. 5 for the girls. Registrations for classes are now being accepted.

An increase in the number of women's gym classes has been announced. Married women's classes will be held Wednesdays and Fridays at 10 with businesswomen scheduled for Wednesdays at 5:30. Swimming instruction will follow Wednesday gym classes.

Physical culture classes will take place on Tuesdays and Fridays under the direction of Ray Moody. Young men's classes will be conducted by Les Newell; track and field by Bruce Hunter, coach-elect of Canada's British Empire Games team; tumbling classes under Len Oliver and swimming and calisthenics by Archie McKinnon, physical director.

Language classes will form

part of the "Y" educational program, classes this year to be in Spanish, Italian and French.

The So-Ed committee will sponsor lectures on first aid, sports, religion, interior decorating, modern science, vocational training and other topics of interest to young adults.

Hobbycrafts to be taught include clay modelling, art, shellcraft and leathercraft.

The Camera Club program will feature color photography on Mondays, fundamentals of photography on Tuesdays, and lighting and portraiture on Wednesdays.

Short and full length plays will be presented by the drama club under the direction of Polish dramatist Juliusz Bawicz-Lesiak.

### FENCING AND DANCING

Harold Evans will again be in charge of fencing and old-time and modern dancing classes commencing Sept. 30.

The music hour will again be heard on Sunday evenings at 9 with the first program Sept. 25.

Bridge classes will be held on Monday nights with the bridge club to meet on Thursdays.

Open house will take place the week of Sept. 19 to 26 with some of the "Y's" activities being presented to the public each evening between 8 and 9.

So-Ed registration will take place the night of Sept. 28. A box social will be sponsored by the Phalanx Club Sept. 29. "Y" registration night is Sept. 30, final day of the two-week membership drive.

"Y's" Men's Club will hold its first meeting of the season at the Y.M.C.A. tonight at 6:30.

## No Name Change For Church In Next Three Years

HALIFAX (CP)—A motion to change the name of the Church of England in Canada was shelved for at least three years after the upper and lower houses of the General Synod split Thursday in a standing vote.

The motion to change the name to "the Anglican Church of Canada" carried with a large majority in the lower house—composed of laity and clergy. But the upper house—the bishops—voted about 2 to 1 against it and it automatically was lost.

Following defeat on the motion another presented by the House of Bishops advocating that the matter be studied by a joint committee of both houses and referred to the next General Synod was carried. The synod will next meet in about three or four years.

Previous to the voting on these motions, two others—one asking that the matter be referred to the church's 28 diocesan synods for study and the other asking that a committee be named to study the matter and report back before the end of the present synod—were lost.

The motion for the change came from J. P. Bell, a layman from Hamilton, Ont. It was seconded by the Most Rev. P. Carlington, Archbishop of Quebec.

Some 16 delegates spoke on the resolution, many from the western provinces, where support for the change appeared to be strong.

Most of the opposition to the proposed change centred around the fact that ties with England would be lost if the word "England" were dropped from the title.

Delegates also questioned whether this was the proper time for a change.

Advocates of a change pressed for a decision.

Rt. Rev. R. J. Renison, Bishop

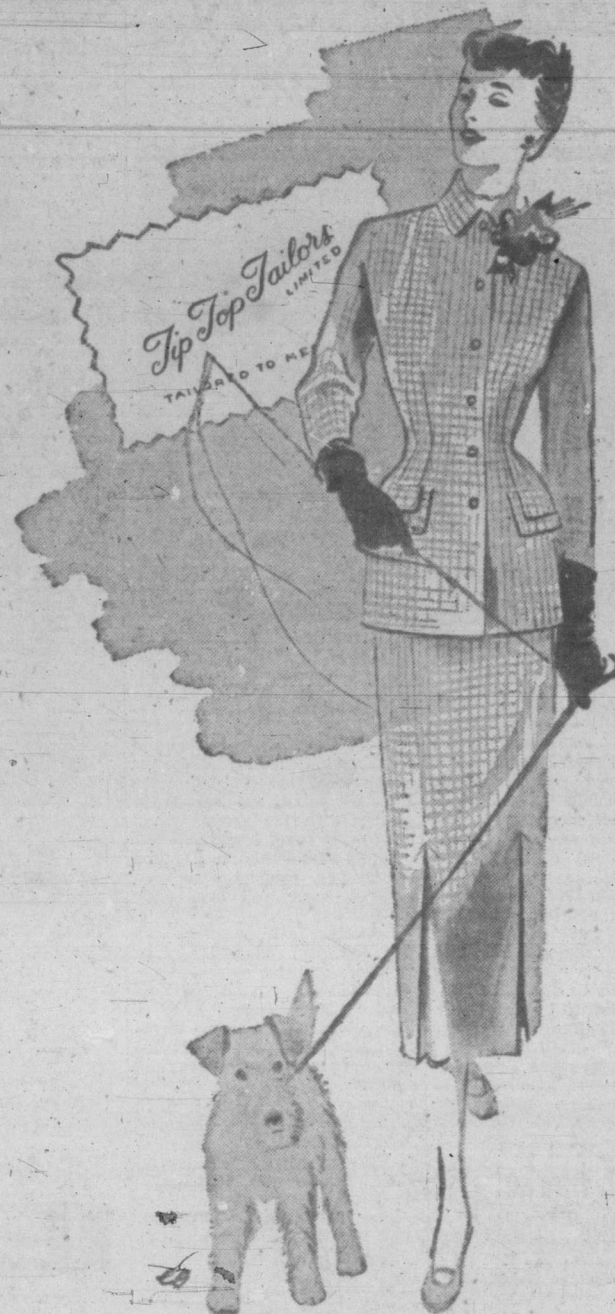

of Moosonee, said: "I think this is perfect timing. I am quite content to have this matter settled here and now."

Another motion by Rt. Rev. H. R. Ragg, Bishop of Calgary, asking that the name be changed to "the Canadian Church (the Church of England in Canada)" was automatically referred to the committee set up by the adoption motion.

## R.C.M.P. Veterans May Receive Hospitalization

A strong possibility that all veterans of the Royal Canadian Mounted Police would be given free hospitalization was voiced Wednesday by G. E. Blake, Dominion secretary-treasurer of the R.N.W.M.P. Veterans' Association at Calgary, Alta.

Mr. Blake addressed a special meeting of members of the Victoria division of the association held in the Army, Navy and Air Force Veterans' clubrooms.

## Duncan Fair Entry Largest In History

Fine display of King apples, grown by R. H. M. Shaw, right, of Duncan, won first prize in the annual Cowichan Agricultural and Industrial Exhibition at Duncan today. E. W. White of the Dept. of Agriculture is judge.

DUNCAN — Originally scheduled to be a three-day affair, the annual Cowichan Agricultural and Industrial Exhibition will open here this afternoon at 2 with what officials state to be the largest list of entries in all classes since the fair was first inaugurated in 1867.

Exhibition officials stated today that a total of 125 cattle were entered, majority of which were holsteins. Featuring the holsteins will be the artificially-bred cattle owned by L. H. Margetts of Duncan which are entered in the get-of-sire class.

Mr. Margetts owns a total of 26 artificially-bred animals, 23 of which are heifers. Entries are sired by Colony Vale Sir Hella

56th, Frasea Master Netherland and Frasea Count Perfection.

Next to the holstein, the Ayrshire cattle are second in quality with the remainder of the entries being Jerseys.

In the school children's section of the fair, exhibits have been received from well over 1,000 competitors.

Exhibition will continue all day Saturday. Hon. Harry H. Bowman, minister of agriculture, will officiate at the opening ceremonies this afternoon.

As an added attraction at the exhibition, a Gay Nineties Revue will be presented tonight and Saturday. J. A. F. Mutter is chairman of the fair and W. R. Barker the secretary-treasurer. Directors are: E. Van Shindler, E. Schwerl, George Sanderson, W. W. Seymour, A. H. Heaslip, W. G. Chappell, R. Evans, B. C. Walker, Stan Owens, J. Woods, Miss Mary Waldon, Mrs. E. C. Springett, Mrs. S. A. N. Watney and J. E. Hicks.

## Canadian Market Not To Be Flooded Nor Starved Of Goods

By NORMAN M. MACLEOD  
OTTAWA (BUP)—Canada was prepared to sponsor a "buy British" campaign to help solve Britain's economic crisis, but not at the expense of Canadian industry, a senior government official said today.

The Canadian delegation at the Washington conference had been told to pattern policy to safeguard the interest of the Dominion's industrial workers, the official said.

"The Canadian market is neither to be flooded with British-made goods, nor is it to be starved of dollar imports which Canadian industry needs for its raw material and capital goods," he added.

### PLANS REJECTED

Two widely-discussed proposals for solution of the dollar-sterling problem had been flatly rejected by the government, it was intimated. These were a substantial lowering of Canadian tariff barriers against imports into Canada from the United States or other dollar areas, and a large-scale clamp against Canadian imports from dollar countries.

Government officials believed arguments against both suggestions were conclusive.

In the first place, successive tariff slashes against British imports since 1935 had brought them into full competition with Canadian industry, and industrial workers. Further cuts would put both at a disadvantage, official said.

Regarding the other proposal, officials said a cut in U.S. raw material imports meant simply a cut in Canadian production, which was impracticable.

## Survey For Crossing Asked Of Government

Representatives of the Lower Fraser River Crossing Improvement Association Thursday asked the provincial government to survey a new crossing of the Fraser River at Ladner.

The association, which met Premier Byron Johnson, Finance Minister Herbert Anscomb and Works Minister E. C. Carson, claimed that the present new ferry does not provide adequate

service. They asked an engineering study to determine whether a bridge or a tunnel would be more feasible to relieve overloading of the Pattullo Bridge at New Westminster.

Representatives of the association comprising the delegation, included Clifford Cory, president; George Massey, vice-president; C. E. Chandler, J. A. Grimmett and H. Linton Eccles.

Victoria Short Wave Club will meet at 2500 Foul Bay Road tonight at 8 for reorganization. All Victoria amateur radio operators are invited.

## Old Settler Passes At Shawnigan Lake

The passing of William Henry Bell, aged 75 years, at his home at Shawnigan Lake on Monday night, has bereaved the lake community of another of its old settlers. Mr. Bell was born in Ontario, farmed in Manitoba, homesteaded in Saskatchewan, and went to Shawnigan with his family in 1910. Since then he has piled his trade as a bricklayer, retiring just a few years ago.

## Indian Society To Present Brief To Royal Commission

B.C. Indian Arts and Welfare Society has been requested to present a brief to the Royal Commission on National Development in the Arts, Letters and Sciences, which will hold public hearings in Victoria on Oct. 28 and 29 in the Legislative Buildings.

Mrs. W. C. Cryer, president, said Thursday meeting of executive of the society would

meet soon to discuss points which will be incorporated in the brief. All persons, organizations or associations wishing to make representations to the Royal Commission established by Privy Council Order last April, are requested to communicate at once with the secretary of the Commission, Laurentian Building, Ottawa. They are asked to forward their representations to the secretary, in 10 copies if possible, by Oct. 14.

The Royal Commission will inform those persons or organizations of the date, hour and place of the public hearing which they will be invited to attend.

## Engineers To Study Fraser Crossings Early In New Year

A survey of new crossings of the Fraser River will likely be undertaken by provincial works department engineers early next year.

Following an interview with Premier Byron Johnson and Works Minister E. C. Carson, a delegation of the Lower Fraser River Crossing Improvement Association Thursday reported that the government had agreed to undertake the surveys when the engineering personnel is available.

Mr. Johnson, a spokesman for the delegation said, had arranged with Mr. Carson to have the engineers of the works department, now surveying flood control projects in the Okanagan district, to move to the lower mainland area when their present work is completed. This, it was indicated, would not be until next year.

The engineers, said the spokesman for the delegation, would investigate proposals for a bridge or tunnel to cross the south arm of the Fraser River from Ladner to Lulu Island, and at the same time would study the feasibility of a crossing of the north arm of the river.

The delegation had claimed that the present ferry service was inadequate and steps should be taken to ease the overloading of the Pattullo Bridge at New Westminster.

## Victoria Builders Go To Conference

Mr. and Mrs. Walter Luney and Mr. and Mrs. G. H. Wheaton of Victoria will attend the fall meeting of the Management Regional Committee at Banff, starting Saturday.

Members and their wives from all over Canada will attend and it is expected that 130 will be there.

Matters of interest to the construction industry will be discussed.

Meetings of this Management Committee are held each fall in the far east and far west of Canada so that many members who are unable to attend the regular meetings held in the cities in the centre of Canada may attend.

A meeting of the Canadian Road Builders' Association will be held at Lake Louise Sept. 13-14.

After this meeting, the president and other members are to come to the coast to pay a visit to the industry in British Columbia. A full meeting of the Victoria Building Industries Exchange will be held Sept. 15 to meet them, and during the following week a dinner meeting of the Vancouver Building Exchange will be held Sept. 19 at the Stanley Park Pavilion.

## Will Recommend Broom Be Cut

Ald. D. D. McTavish, chairman of the city parks committee, will recommend at the next City Council meeting that \$1,000 be appropriated for removal of broom from the sea side of Dallas Road, east of Beacon Hill Park.

The broom to be cut, under the committee's plan, is all that between Cook Street and Clover Point. Residents of the area have complained bitterly of the broom during the past several months.

## Crowded Schools

Schools seriously overcrowded because of heavy increases in enrolment this year are Oaklands, Doncaster, Willows, Sir James Douglas, Kingston Street and Esquimalt, J. F. K. English, senior inspector of Greater Victoria schools, has announced.

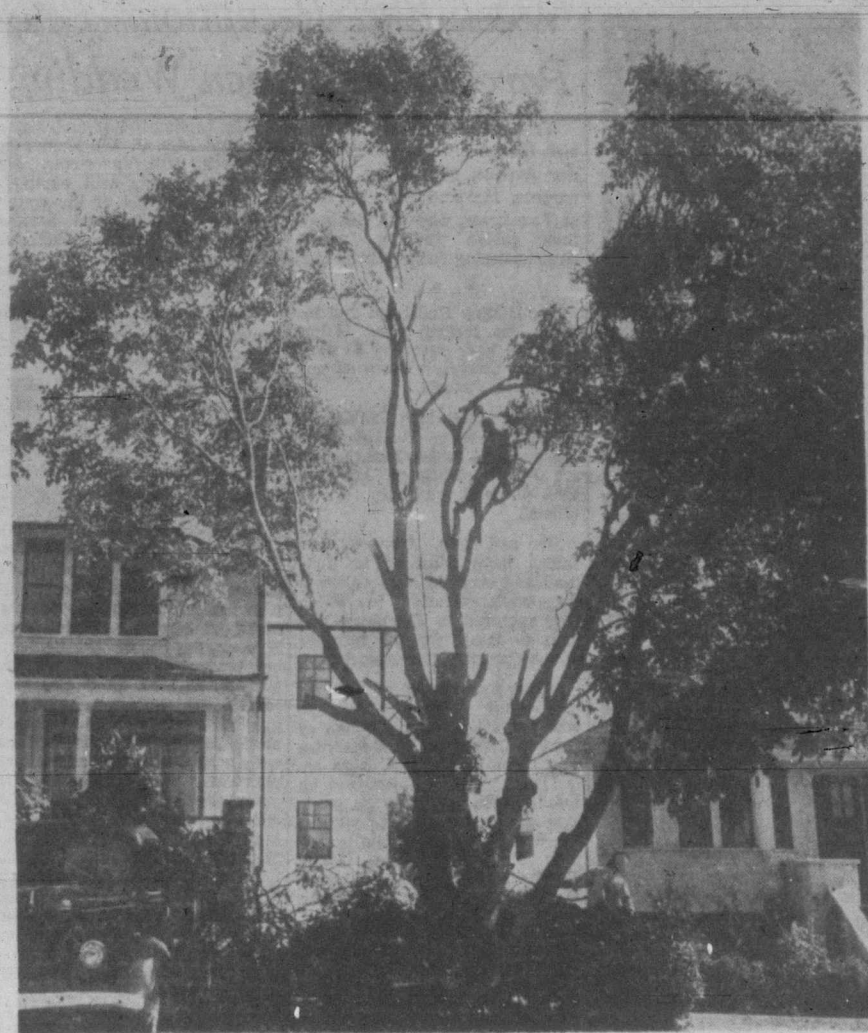

All are elementary schools. Members of the school board staff are working frantically to find some means of relieving the congestion. In some cases, they are planning to alter school boundaries slightly to divert some students from crowded quarters to less crowded schools nearby.

## Fraser Barrel At New Westminster

NEW WESTMINSTER (CP)—The New Westminster Rotary Club's flag-decked barrel swept under Pattullo Bridge at 5.45 p.m. Thursday, 77 hours, 41 minutes, 39.15 seconds after it had been launched.

Time for the 161-mile trip from Lytton was five hours longer than the seven-year average.

Official winners of \$7,500 in merchandise will be announced not later than Saturday afternoon. Nineteen other winners will share \$2,700 worth of goods.

**OLDEST WALNUT FELLED**—Said to be 200 years old, this mighty walnut tree was cut down in the Fairfield district Tuesday. Loggers who felled it for owners of an apartment house at 427 Linden Avenue believe it was the oldest walnut tree on Vancouver Island. They brought it down because of the congestion. The tree was crowding houses, power lines and sidewalk.

## Four More Areas Reserved As Parks

Four more park areas, all on the mainland, have been reserved for the "recreation and enjoyment of the public" by the provincial government.

Two of the park areas, each of five acres, are on Bonaparte Lake. One is at the northwest end and the other on the north shore.

The other parks areas are 31.1 acres fronting on Harrison Lake immediately west of the mouth of Big Silver Creek, and 6.46 acres fronting on Lower Arrow Lake southeast of Deer Park.

## Reid's Bagpipes Going To Senate

NEW WESTMINSTER (CP)—Canadian senators soon will have a bagpiper in their midst.

Tom Reid, 63-year-old veteran Liberal Member of Parliament for New Westminster, who was appointed this week to the Senate, plans to take his beloved bagpipes to the red chamber with him.

"It probably will come as a bit of a shock to them, but it may mean I'll get a room to myself," New senators usually have to share a room with a fellow member but, Mr. Reid points out, that rule was followed before bagpipes were considered.

The Royal City Scot, an M.P. for 19 years, claims he practises his pipes every day in Ottawa, and he doesn't intend to give them up because of his elevation to the Senate.

His bagpiping almost resulted in his arrest one time. He was piping on the House of Commons grounds and escaped arrest only when he was identified as a member.

Week-end guests of Mr. and Mrs. Robert B. Young, 2784 Dewdney Avenue, will be the latter's parents, Mr. and Mrs. W. Neill of Vancouver, who will celebrate their golden wedding Sunday. Accompanying them will be Mrs.

Neill's brother-in-law and sister, Mr. and Mrs. J. W. Malone of University Hill, Vancouver. Mr. and Mrs. Young will entertain the many friends of the couple Saturday evening and Sunday afternoon, in honor of their anniversary.

Mr. Hilding Rodstrom and his wife, the former Miss Wilma Cheviell, have returned to their home at Qualicum Beach after a holiday in Victoria.

Among Victorians holidaying in the Canadian Rockies, and registered at Jasper Park Lodge, are Dr. W. Hackney, Mr. and Mrs. G. Hall, and Mr. W. G. Wilson.

Mr. and Mrs. John G. McIntosh have returned to their Rockland Avenue home after a three-week vacation in which they motored to Edmonton and then to Banff for the meeting of the Canadian Bar Association.

Eighty-five wives of mayors throughout British Columbia, who are attending the Union of British Columbia Municipalities convention in Victoria, were entertained Thursday afternoon by a tour of Hudson's Bay Co. store. The company was later host at a tea for the guests on the mezzanine floor with Mrs. Percy George and Alderman Margaret D. Christie receiving the guests.

Miss Lorraine Mitchell entertained at her home, 623 Raynor Avenue, in honor of Miss Ruth McIlvride, a September bride-elect. Corsage bouquets were presented to Miss McIlvride and her mother, Mrs. A. B. McIlvride. Invited were Mesdames R. V. Caseton, P. Bumgardner, W. McCartney, F. Waters, G. S. Mitchell and Misses, Norma Dunn, Betty Randall and Ann Giddy.

Honoring Miss Marion Whysker an informal cocktail party was given by the Misses Jean and Maxine Johnston at their View Street apartment home. Gladoli and asters decorated the room. The bride-elect and her mother were presented with corsage bouquets of rosebuds. A pair of bronze figurines was given Miss Whysker. Guests were Mesdames R. Whysker, J. Kersey, B. Wright, G. L. Williams and the Misses Lil and Vi Wright, Ricky Stewart and Bernice Williams.

Miss Dorothy McNiven, eldest daughter of Dr. and Mrs. E. L. McNiven, 520 Falkland Road, will leave Victoria tonight by plane for Toronto where she will enter Toronto University for her first term. Miss McNiven graduated last year from Branksome Hall in the eastern city.

A decorated box filled with gifts was presented to Miss Betty Bird at a miscellaneous shower held in her honor by Miss Helen Zdanovich at the home of Mrs. J. A. McLellan, Shakespeare Street. The September bride-elect and her mother, Mrs. R. E. Bird, were also presented with corsage bouquets of gladoli. Mrs. McLellan presided at the lace-covered table centred with a bowl of white asters and pink sweet peas, flanked by pale green candles. Guests were Mesdames W. G. Noonan, A. Matcham, A. Webb, F. ### Lake Hill Institute Receives 'Star Of Bethlehem' Quilt

An attractive quilt in the "Star of Bethlehem" design, completed by an octogenarian of Appomattox, Virginia, has come into the possession of Lake Hill Women's Institute as the result of a story published recently in connection with a quilt on which institute members have been working for a number of weeks.

Handwork of Miss Dalia Wilson, the gift quilt, was presented to Lake Hill Institute by Mrs. Irving Dwinell, of 1275 Roslyn Road, to whom it was sent by the aged Appomattox needlewoman. The institute will exhibit this work of needlecraft with its own quilt of "Sunflower" design.

At the September business meeting of the Institute Tuesday afternoon special matters under discussion were the forthcoming South Vancouver Island Women's

Institute conference, to be held Sept. 21 at Shawngnan Lake, Mrs. G. F. Greenwell and Mrs. W. McGregor being appointed delegates; and the 40th anniversary dinner to take place Sept. 28. President Mrs. A. S. Moffat will head the committee on arrangements for the dinner, at which a number of distinguished guests will be present.

An offer by Jean Travis, of the Extension Department of the University of British Columbia, for a course on design has been accepted for five days, Oct. 3-7.

Mrs. W. McGregor submitted the financial statement of the tea convened by Lake Hill Institute at the Horticultural Society's recent 25th anniversary show. Various resolutions to come before the institute conference were discussed.

### St. John's Church Scene Of Wedding

St. John's Anglican Church was the scene of a late summer wedding when Yvonne Irene, youngest daughter of Mr. and Mrs. A. L. Converse, 1329 Cook Street, became the bride of Frederick Brown Webster, son of Mr. and Mrs. Frederick Brown Webster, Vancouver, August 24.

Archdeacon F. Cornish read the marriage service at the early evening wedding.

The bride wore a street-length frock of pale blue moire taffeta with navy picture hat and accessories. Her shower bouquet was of cream rosebuds, white carnations and maidenhair fern.

Bridesmaid was Miss Orpha Hunt in a shot-rose taffeta frock with navy hat and navy accessories. She carried a bouquet of rose-tipped gladoli, carnations and maidenhair fern.

Lyle P. Hutchings, uncle of the bride was best man. Frederick Chubb, organist, played the wedding music.

A reception followed at the home of the bride's parents, where the bride's table was covered with a lace cloth and centred by a three-tiered wedding cake. Vases of pastel sweet peas flanked the cake.

For a wedding trip to Bowen Island, the bride wore a grey suit with navy accessories. The young couple will make their home in Vancouver.

### United States Naval Commander and Family Here

Bright sunshine greeted Commander A. H. Newcomb, U.S.N., officer-in-charge of the Bremerton Annex Naval Ammunition Depot, when he arrived with Mrs. Newcomb and his mother, Mrs. Edward M. Harris, aboard the Kalakala Thursday afternoon. Cmdr. Newcomb, who was serving aboard the United States battleship Maryland at Pearl Harbor when the Japanese attacked and saw sea duty aboard battleships and cruisers throughout the war years, will address the United Services Institution tonight, at the Armories. Col. Nelson Gibson, secretary of the institution, was on hand to meet Cmdr. and Mrs. Newcomb, who will leave the city Saturday.

### V.O.N. Visits 1,500 Over Last Year Mark

Victorian Order Nurses made 5,714 visits to sick people of Victoria during June, July and August of this year, according to the report made by supervisor Miss Marjorie Baird at board of management meeting Tuesday. Mrs. Harold G. Wilson, president, was in the chair.

This total is 1,548 in advance of the total over the same period in 1948, and is accounted for largely by the increase in cases of continuing illness, medical and surgical cases, and mothers with new babies, as stated by the supervisor. Visits to people with continuing illnesses totalled 1,498; to medical and surgical cases 1,409; and to mothers with new babies, 1,739. There were 661 instructive calls made, 185 to cancer patients, and 220 to communicable disease cases, of which 77 were tubercular.

Miss Baird emphasized the close co-operation existing between the V.O.N. and other agencies of the Community Chest and stressed the importance of full support for the Community Chest campaign opening Oct. 3, in view of rising costs, the present nursing staff is to be maintained. Mrs. Wilson and Mrs. Errol P. Gillespie were appointed as delegates to the campaign meeting at Robert House.

Discussion at the meeting centred about the raising of existing staff salaries, to bring them in line with nursing salaries paid elsewhere in British Columbia. Lengthy reports covering the three-month period were heard from the secretary, Mrs. F. W. Midgley, and the treasurer, Mrs. F. Norris.

To Hold Sale—Florence Nightingale Chapter, I.O.D.E., made plans for a rummage sale, Oct. 1, in Hard-of-Hearing Hall, Douglas Street, at a meeting Wednesday at which Mrs. W. R. Roskelley, regent, presided. Mrs. William Blair will be general convener and Mrs. Karl Mills will be in charge of donations. Mrs. C. Crawford, child and family welfare convener, said \$25 was donated to the Queen Alexandra Solarium. Mrs. G. C. Pinhorn, educational secretary, reported a visit to the chapter's adopted school, George Jay, and presented prizes to Enid Vallacott and Peter Williamson, who held the highest marks in Grade 6. Two library bins were presented to pupils whom the teacher felt made best use of the library. Other reports were given by Mrs. Harry Catterall, Mrs. A. G. Moody, Mrs. B. Ripley, Mrs. L. A. Lucas and Mrs. Moulson Smith. A Christmas bazaar will be held Dec. 1 at the K. of P. Hall. Mrs. Roskelley was named delegate to the semi-annual meeting of the Provincial Chapter to be held in Burnaby, Oct. 20. Mrs. Mills, standard-bearer, will also attend.

Gordon Head—P.T.A. will hold a special meeting Monday night at 8, when plans for the Country Fair will be completed.

### Three Women's Clubs Sponsor Style Show

Paris and London originals and showpieces from collections of top Canadian and American designers will be presented by T. Eaton Co. Ltd., in the Crystal ballroom, Empress Hotel, on Sept. 22.

Three organizations will sponsor the fashion parade. Afternoon show will be taken over by Queen Alexandra Solarium Junior League; 6:15 performance by Victoria Business and Professional Women's Club, and evening show by Victoria Symphony Society Women's Committee.

### Y.W.C.A. Open House Sept. 28

Fall planning committee of Y.W.C.A. met to make tentative arrangements for "open house" which will be held at the Y.W.C.A., 760 Courtney Street, on Sept. 28.

"Open house" is an annual fall event at the "Y," when programs for the past year are reviewed and plans for the coming season are outlined for new members and for those wishing to become members.

Delegates who attended the 18th national convention of the Y.W.C.A., which was held in Ottawa last June, will bring the highlights of the convention to the members. Another feature of program will be selections from the Glee Club, a newly-formed group of the past season.

Hostesses for the evening will be members of the Inter-club Council.

Lodge Primrose, No. 32, Daughters of England, meet tonight at 7:30 in K. of P. Hall, Cormorant Street; members must remember shower for bazaar... Colfax Rebekah Lodge meet Tuesday at 7:30 in I.O.O.F. Hall, Douglas Street.

## Woman Becomes Newspaper Publisher, Husband Partner

CHICAGO (AP)—Mrs. Peter Miller, Jr., who soon will take charge of the Washington Times-Herald, didn't have a bit of trouble in choosing a career.

Her interest in newspapers reaches back as far as her memory.

"I was born with it," she says. "I never had any ambition to do anything but newspaper work."

The whirl of the press long has been a familiar sound to her family. Her great-grandfather, Joseph Medill, was a famed 19th century editor. Her father, the late Senator Medill McCormick, was director and vice-president of the Chicago Tribune. Her mother, the late Ruth Hanna McCormick Simms, was publisher of the Rockford (Ill.) Register-Republic and Star.

Mrs. Miller is 28, tall and slender. Her light brown hair, parted in the centre, breaks in gentle waves over the temples. Her eyes, framed by gold-rimmed glasses, are blue and friendly.

She recalled, in an interview, how she got her start in journalism. She was 18 and a reporter on the Rockford Star. It was her job to dig up copy for two daily features.

One of her first assignments was an interview with a stunt

man who had buried himself alive. She talked with him through a pipe.

The girl cub reporter met Peter Miller, Jr., on a blind date. Miller was majoring in economics at the University of Chicago and they were married in 1941.

The husband-wife team went into the newspaper business in 1947. They bought the La Salle (Ill.) Post-Tribune and the Peru (Ill.) News-Herald. The papers were merged as the daily News-Tribune, and published for three neighboring towns 90 miles south-west of Chicago.

Mrs. Miller wrote a daily column, signed by "Bazy Miller." Most folks call her Bazy.

The Millers and their two young children live in a roomy stucco house in Peru. They have 45 Arabian horses on a breeding farm near the town, but they don't have much time to ride.

## Clubwomen's News

**Plan Bazaar**—Victoria Women's Rotary Auxiliary made plans for a bazaar in the Knights of Pythias Hall, Nov. 15, at their luncheon meeting at Terry's, on Thursday. Mrs. A. C. Lindsay, president, was in the chair. Visitors were welcomed from Carlsbad, Calif., and Winnipeg, Man.

**Purchase Chairs**—Ganges Chapter, I.O.D.E., will buy new chairs for the I.O.D.E. room at the local hospital, it was decided at the first meeting after the summer recess, held at "The Alders," home of Mrs. V. C. Best, chairman. Mrs. Elvan Walters was elected treasurer to fill the post left vacant by Mrs. D. Wilson, who is leaving the island. Mrs. C. E. Baker and Mrs. H. A. Robinson convened a stall of home produce recently, which netted \$36 for the funds. Mrs. Best served tea, assisted by Mrs. A. M. Brown.

**Birthday Banquet**—Plans for a banquet Nov. 4 to celebrate the 40th birthday of their group, were discussed by members of Sooke and North Sooke Women's Institute, at their meeting in Sooke Community Hall. Entertainment plans for the annual games night to be held Oct. 15 were also discussed. Members outlined resolutions to come before South Vancouver Island District Institute conference Sept. 21. Mrs. G. G. Aitken reported on ideas for children's games for the games night. Mrs. C. B. Brooks gave a resume on 80 new books received at the Institute library in the Sooke Supply Store. A donation of \$10 for an East Sooke resident who lost his home as a result of fire, was made. Mrs. Walter Conder, president, presented silver engraved mugs to Mrs. James Martin and Mrs. Leslie Kidd, for their infant sons. Mrs. W. E. Peters and Mrs. Allan Smith were hostesses for the evening.

## City Man Claims Vancouver Bride

Mr. and Mrs. Gordon Francis Brown, the former Jeanine Adele Johnston, are now honeymooning at Yellow Point, following their double ring wedding ceremony Saturday night at St. Philip's Anglican Church in Vancouver.

White satin with sweetheart neckline, full skirt with self-trim ruffles and long-gathered waistline was worn by the daughter of Mr. and Mrs. Harold F. Johnston for her early fall marriage to the son of Mr. and Mrs. J. H. Brown of Victoria.

Her fan-shaped bouquet was of white gladioli centred with red roses and stephanotis. She wore a fingertip veil and a heart-shaped locket moonstone edged with pearls, which belonged to her grandmother.

In the bridal entourage were Miss Edith Hall, maid of honor, in a gown of pink brocade organza; Miss Audrey Hines, bridesmaid, and Mrs. Bruce Allan, bride's matron, both in yellow taffeta; and Miss Joanna Johnston, sister of the bride in pale blue taffeta. She carried a colonial bouquet.

Rev. H. J. Greig read the marriage service.

Kenneth Bernard supported the groom, and ushers were Bruce Allan, Finley Anthony and Barney Regan.

Following the ceremony a reception was held at the home of the bride's parents, where William M. MacClellan proposed the toast to the bride and Kenneth Bernard the toast of the bridesmaids.

The bride donned a navy blue suit with matching hat, grey accessories and her groom's gift of a squirrel neckpiece for the wedding trip to Victoria and Yellow Point by motor. The young couple will make their future home in Vancouver.

## In Step With Style

Tunic Dramatizes

By MARGUERITE DALZIEL

Hip emphasis continues and with tunic line and flying panels, gives a pointer to autumn fashions which is important. The basic line, however, is one of simplicity, with slightly shorter skirts; but over the narrow straight skirt you see diagonal tunics, often inset with broad bands of taffeta, or loose panels from the waist either at the back or placed symmetrically on both sides.

Shoulders are more rounded but on many dresses have none of the sloping effect so popular a year ago, but pockets are returning on the hips or, more often, at shoulder level.

### EMPHASIS ON SHOULDER

Necklines, too, have an interest which is growing. The square décolletage is seen everywhere but often slashed down towards the waist or with a modest "V" snipped from it, and then filled in with plique or, with silk if that trims the rest of the garment. But there is a trend towards the boat-shaped neckline, cut low, and sometimes combined with a draped bertha collar standing up slightly to frame the head.

In fact, there is every indication that importance will be moving shortly from the skirt (at which it has been concentrated ever since the "new look" came in and swung out) to the shoulders. This is emphasised by the fact that the raglan, or dolman shoulder-line is shown in many collections.

Black and navy are still good colors in most collections and while the muted shades are well established for spring and summer, there is a decided move away from them for autumn, when much warmer colors may be expected.

Your little black dress may look like the above in 1950. In fine black wool, it has a near square décolletage with an attractive hip set pique trimming; on the skirt is an unusual pocket-treatment which adds to hip emphasis.

Bottle green and a new shade of burgundy, much steel-grey and steel-blue, and a green, which hangs delicately, between jade and emerald, are already in the pattern books in dress-makers' workrooms in London.

## Your Baby And Mine

By MYRTLE MEYER ELDRED

It would repay a young mother who is worried about what foods to prepare for her children to buy a cookbook designed to answer her many questions. Most of the advice mothers get from persons unversed in diets is faulty. Everyone has prejudices about foods which disagree with them, which they consider to be universal and do not hesitate to say so.

Here are questions which seem to stem from someone's erroneous information.

"Must bananas be baked before being fed to a young baby? If so, should they be baked in the skin, or not?"

"Must oatmeal be cooked three hours, and if so what is the reason for this?"

Neither statement is true. If you do bake a banana it would be simpler to bake it in the skin. But, one of the assets of bananas is that they are raw and thus contain the vitamin present in raw foods. The banana should be yellow with a few brown spots and it can be peeled, mashed and fed to the baby that way. Start with an inch or so of banana and increase cautiously until the baby can take a whole one. It is served at the same meals and as a substitute for cereal. In this role it is especially useful for the child who cannot take any form of cereal grains.

Oatmeal, after being dropped into boiling water, can be brought to a full boil again and then cooked for one hour in a double boiler. If it is a quick-cooking oatmeal, follow the directions. Uncooked starch is difficult for the baby's stomach to digest and prolonged cooking modifies the starch grains so that the digestive juices can at-

tack and subdue them. Any fine-grained cereal demands at least one-half hour of cooking in a double boiler, the coarse-cut ones take one hour.

Our leaflet No. 22, "Formulas and Early Feeding," covers feeding for the child from birth to nine months. It may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

## Today's Recipe

### BARBADOS PUDDING

Three cups milk, 1 cup strong coffee, 2 cups soft breadcrumbs, 2 eggs (slightly beaten), ½ cup sugar, ½ teaspoon salt, 1 teaspoon rum-flavoring, 2 table spoons melted butter or margarine, nutmeg.

Combine milk and coffee. Bring to scalding point. Pour over breadcrumbs. Combine eggs, sugar and salt. Add bread mixture slowly to egg mixture. Add rum flavoring and melted butter or margarine. Pour into custard cups. Sprinkle with nutmeg. Set custard cups in pan of

warm water. Bake in moderate oven (325 degrees) one hour, or until inserted knife comes out clean. Chill. Serve with chocolate sauce. Serves six to eight.

## Six New Starlets In Hollywood Have University Degrees

By GLORIA YARBROUGH HOLLYWOOD (AP)—Gone, apparently, are the days when movie queens were picked from the ranks of hashlingers and beauty contest winners. Stars of the future will have to be intelligent as well as beautiful—or so say the bosses at one Hollywood studio.

Six lovely young things with college sheppskins neatly filed away in their memory books have arrived at Universal-International, to be launched on cinema careers. Thus have talent scouts gone intellectual. Even so, the studio has decreed that all starlets shall pose for cheesecake during the first five years of their contracts (if they last that long). Brainy women must have sex appeal too.

## FOUR DRAMA STUDENTS

Four of the six studied drama at college, but only one was really preparing for an acting career. "I took drama simply because I liked it better than any other subject," said Peggie Castle, from Mills College. Peggie is a blonde, with blue eyes.

Dorothy Hart, the gal who had the acting career in mind all the time, went through Western Reserve in 2½ years. "So that I wouldn't be an old lady by the time I got on Broadway."

## THEY TEACH YOU

Peggy Dow, another blonde, has a degree from Northwestern. said Peggy: "Whether you can sing or dance doesn't make any difference at the studio. They'll teach you. I told them I couldn't, but I wound up doing both."

Helena Carter, a green-eyed redhead from Columbia University, has been taking diction lessons for a year to polish off a British accent.

The girls are unanimous in the belief that a college education is a great asset to an actress.

## Look For Low-Cost Housing Plan At Coming Session Of Parliament

OTTAWA (CP)—Housing construction is on the increase in Canada, but government action to help solve the still-serious housing problem is expected at the session of Parliament which will open next Thursday.

Indications are that Parliament will be asked to approve legislation that would eventually mean expenditure of millions of dollars to clear the way for low-cost housing.

It is believed a housing plan already has been placed before the cabinet that will involve federal financial aid to projects—to be administered locally—proposed by provincial and municipal authorities and approved by the federal government.

Some 40,000 new homes have been built and some 56,000 were under construction at the end of June.

The Bureau of Statistics, which collected those statistics in conjunction with Central Mortgage and Housing Corporation, reported completion of homes during that period was 30 per cent higher than in the same period of last year.

In the first six months of 1948, 30,528 were finished. During the first half of this year, construction of 40,199 houses was started in the Dominion as against 39,768 in the first half of last year.

Ontario completed the largest number of dwelling units—14,059—during the first six months of the year, an increase from the 11,784 homes built in the same 1948 period. Quebec completed 10,756, compared with 7,688, and British Columbia finished 4,905 as against 4,543. In the prairie provinces 7,693 were finished, compared with 6,000.

## ROYAL THEATRE

Bob Hope's custom of tossing an ad lib wisecrack into a prepared script was squelched during shooting on "Sorrowful Jones," now at the Royal Theatre.

5,008, and in the maritime provinces 2,313 were built, as against 1,503.

## Commission Told Public Opposed To \$5 Radio License

OTTAWA (CP)—Representatives of three organizations told the Royal Commission on Arts and Science Thursday that a public relations job likely will have to be done before the Canadian people will agree willingly to pay \$5 instead of \$2.50 for a radio license.

The spokesmen were H. H. Hannam, president of the Canadian Federation of Agriculture, Dr. E. A. Corbett of Toronto, director of Canadian Adult Education, and O. J. W. Shugg of Alvinston, Ont., representing the National Farm Radio Forum.

Mr. Hannam said that theoretically an increase in the license fee might be the best way of solving the CBC's financial problems, but he thought the increase would be unwise. He felt public reaction to the increase would be unfavorable and detrimental to the whole national radio system.

He believed people would pay the \$5 willingly if they realized what was being done with it. But it was difficult to explain the reasons for the levy. If the CBC could not do the job of explaining the reason for the increase to the people then perhaps some other body could do it.

Dr. Corbett said he felt the CBC should be supported out of public funds and be in a position to do away with commercial advertising on its networks.

Mr. Shugg said mention of a \$5 license fee in southwestern Ontario was liable to start a riot. The people there had not been able to pick up broadcasts from any CBC station yet some of them had been fined for not paying the \$2.50 license.

## DUBIOUS HAND MADE OUT OF SHEER LUCK

June Williams, now Mrs. Fred Kaplan, was a dancer and for two years was with Warner Brothers in California, and also at Earl Carroll's Club.

Kaplan is an attorney in New York, and is perhaps one of the most colorful bridge players in the country. His control at the bridge table does not always make the greatest number of friends for him; nevertheless you can always expect a lot of action when you kibitz Kaplan.

Recently he was playing in a bridge game and his wife was one of his kibitzers. Today's hand was the last one of the session. After winning the opening lead of the deuce of spades with the king, Kaplan thought for some time. What play would you make at this point? Kaplan's play was the queen of clubs. One of the best players in the country, sitting West, did

♠ J 10 8 7	♥ 8 5 2	♦ 10 9	♣ J 10 9 5

not cover with the king. Now there was no way to prevent him from making his contract. Kaplan has been teaching his wife how to play bridge and when this hand was over he turned to her and said, "Darling, if you always make three no trump on a hand like this, you will never have to make eyes at me to have me love you."

## Surprise Twists In Dominion Film

A suspense film with a number of surprise twists is currently at the Dominion Theatre with co-stars Dan Duryea, Dorothy Lamour and Sterling Hayden. It is Paramount's "Manhandled," a murder mystery with an unusual story.

"Manhandled" concerns the activities of a man who steals another's nightmare and makes it come violently true. Duryea, an ex-cop, learns about the night mare from Dorothy, a psychiatrist's secretary, who casually tells him about the famous author who has a recurrent dream that he murders his rich wife for her jewels. Duryea decides to fulfill the dream.

## Newhouser, Meyer Fashion Neat One-Hit Pitching Performances

NEW YORK (UP)—It was a great, big, one-derful world for Hal Newhouser and Russ Meyer today.

Not wonderful, as when you pitch a no-hitter, to be sure. Just one-derful as when you pitch a one-hitter. The Detroit Tiger lefty, Newhouser, and the Philadelphia Phillies lanky, Meyer, pulled the unique stunt of coupling their near-perfect games within the period of a few hours.

And, oddly enough, today is the anniversary of the last no-hitter in major league baseball. Rex Barney hurled one against the Giants at the Polo Grounds Sept. 9, 1948.

Newhouser did a little second guessing of his own performance and insisted that he could have had a no-hitter himself yesterday had he been fielding his position correctly when Lou Boudreau sent a 3-and-1 pitch bounding through the infield into center field in the seventh inning for the only hit of the ball game.

"But I don't feel too bad about missing a no-hit game," Hal added. "The important thing is that we won."

Win the Tigers did, with a vengeance. They blasted 12 hits of their own for a 10 to 0 victory and they came back for the night-time half of the double-header to clip the Indians again, 4 to 1, on Ted Gray's four-hitter. The lone Indian run all day was a homer by Bob Feller, his second of the season.

### GOOD CONTROL

Meyer, who said he had "just pretty good control," didn't have the no-hit pressure on him so much at Boston because the one he gave up came in the first inning. And there was no question about Russ fielding it, for it was a rollicking double by Con-

nie Ryan. The Phils won the game, 3 to 1.

Newhouser faced 28 batters, Meyer 31. Newhouser retired the first 17 men to face him before he walked a man in the sixth with two out.

It was the second major league one-hitter for each. Newhouser did the job in 1945 when Vern Stephens, then with the St. Louis Browns, got a single off him in an otherwise hitless performance. Meyer, while with the Cubs last season, pitched a one-hitter against the Cardinals.

Amid all the one-hit hoopla, the pennant race remained unchanged today.

The Yankee-Red Sox clash was postponed yesterday, and the two teams were scheduled to play today, with the rain-out tilt rescheduled for Sept. 26 here.

The Cardinals and the Dodgers retained the status quo in the National League when each won an easy ball game. Brooklyn made it six wins in a row and 19 out of the last 23 by walloping the Giants, 12 to 7, while Harry Brecheen protected the St. Louis one-game lead by getting three hits himself and allowing the entire Cub team only three for an 8 to 0 win.

### TWO BIG INNINGS

Brooklyn scored six runs in

the second inning and added six more the next two innings in the rout. Peeewe Reese's bases-loaded double and a two-run triple by Jackie Robinson got five of the runs.

The Philadelphia Athletics snapped a six-game losing streak by beating Washington twice, 9 to 1 and 8 to 4.

# Eric's Win As Local Hill Staff Wilts

## Calgary Takes Softball Lead; Hough Gets Starting Assignment Tonight

It will be Ray Hough against Calgary Eric's at Athletic Park tonight as Timber Service take the field with their backs to the wall in the fourth game of the western Canada softball final.

Eric's grabbed a two to one edge in games last night with a 12 to 2 win over Wally Smith's loggers as the local pitching staff went completely sour and dished up a total of 12 passes to first base.

Three moundsmen worked for the loggers. Joe Bryant started but retired in the sixth frame when he couldn't find the plate after giving up a total of six bases on balls, the last four walks coming in succession and forcing in two runs.

Earl King relieved Bryant but was promptly tagged for two stinging base hits and another free ticket before getting the side out. Six runs crossed the plate in the big sixth-inning as 11 Eric's went to the plate.

### CLARKSON DOUSES FIRE

King bumped into control trouble again in the seventh

when he walked in one run on four passes to first. Bernie Clarkson was called in from second base in an attempt to put a stop to the Calgary parade and the hard-hitting second baseman did a good job.

He struck out George Alexander with the bases loaded and one out. He walked Jim Finney to force in another run but got Bill Black on a fielder's choice to end the inning. Except for his own error on a pop fly, Clarkson retired the side in order in the last two innings.

Walks told the story of the game. It was two bases on balls in the first inning which put Bryant in a hole and enabled Eric's to score three runs. A home run by Sid Finney accounted for Eric's fourth run in the fourth inning. Five walks in the sixth and five in the seventh gave Calgary all the help they needed.

Loggers scored their first run in the second inning on a walk to Les Wilson a sacrifice by Doug Hudlin and Jim Ireland's

fielders choice. Their second marker came in the sixth on a single by Wilson a walk to Hudlin, a single by Ireland and an error by Black.

Clarkson's terrific home run to deep right field was the final tally in the seventh.

### GILL IN FORM

Earl "Peeewe" Gill, winner of the first series game, again stopped the loggers. He allowed six hits, three by Clarkson. Gill struck out six and walked four.

Eric's garnered eight hits from the trio of Timber Service hurlers, Gill himself leading the parade with a single and double in three trips. As a matter of fact the loggers couldn't get Gill out. On his other three trips to the plate, he walked twice and was safe on an error.

Loggers need a win tonight if they hope to send the series into the fifth and deciding game and manager Wally Smith has nominated Hough to do the hurling.

### CRUCIAL GAME

Hough stopped Eric's cold in

his Wednesday night start, limiting the visitors to three hits and only one hit and one base on balls after the first inning.

Roy Kelley, who was hit hard in his first engagement, will come right back for Calgary.

Short patches: Eddie Roberts, Calgary third baseman, who was injured in the first game Tuesday, will be back in action tonight. . . . Umpire Barney Barneswell has been having his troubles with the Timber Service bench.

Twice in the series he has chased someone from the dugout, once threatening to clear the premises entirely. . . . Umpire Gordie McDonald was also in a warning mood last night with the honors for each team being divided. . . .

Early patrons at last night's game must have looked in awe at the pitcher's mound. . . . For there in the centre of the diamond was a ditch about six inches deep and six feet in length. . . . It seems Calgary requested that the pitcher's rubber be lowered to a position level

with home plate. . . . Examination disclosed there was an eight-inch rise from the plate to the mound and the ditch was made in an effort to correct the situation. . . . However, caretaker Slim Hunt worked in vain, for on arrival of softball officials the ditch was ordered filled again. . . .

It didn't bother Peeewe Gill. . . . He has looked good in both starts. . . . Last night he took off his jacket with the white streak down the centre, just another controversial point that has cropped up. . . .

The Calgary defeat Wednesday was their first in 13 playoff games and their fifth of the season in 40 contests. . . . Local officials with an eye to furthering the interests of softball here, should have a talk to George Benoy, president of the Calgary League on the set-up in operation at Calgary. . . . George can be found in the press box at tonight's game.

## Game Office Open To 8 On Sept. 15, 16

The local game office of the B.C. Game Department, located in room 4 at 525 Superior Street, will be open until 8 at night during Sept. 15 and 16 for the convenience of hunters seeking licenses and deer tags. The regular 5 closing and at 1 on Saturday will be maintained until those two nights, officials reported.

Albion's line-up for tomorrow's cricket match against Inco's at University School, starting at 2, follows: J. Shanks, J. Corby, T. Oakman, W. Stanley, R. Sherratt, R. Rowe, G. Wilkinson, C. Cornfield, C. McMillan, M. Booth, W. Parry and R. Edwards.

## Lone Eagle-Swallow Tail Co-Favorites In St. Leger

LONDON (AP)—New York banker William Woodward goes after his second straight St. Leger racing victory tomorrow at Doncaster with his American-bred Lone Eagle.

Wagering throughout the summer has kept his brown colt the favorite, but things may change tonight in the final callover of odds at the Victoria Club. If the present trend continues, Swallow Tail may emerge the choice.

Although beaten once this summer by Lone Eagle, Swallow Tail is fancied by a lot of people. The Lord Derby colt was made a co-favorite with Lone Eagle at 4 to 1 in the callover Wednesday night.

Woodward won the St. Leger, last of the great English classic races, a year ago with Black Tarquin.

Seventeen horses remain in the race. Prize money totals \$59,984. Johnny Longden, North America's No. 1 jockey now in England on a vacation, has drawn a long shot for a mount in Mon Chateau. Last odds against him were 66 to 1.

Gordon Richards, champion jockey of Britain, is due to ride Krakatoa after several shifts because of scratches. Originally he was slated for Royal Forest. Odds against Krakatoa fell to 10 to 1 when it was announced Richards would ride.

The 15 colts will carry 126 pounds while two fillies, Musidora and Unknown Quantity, get in at 123.

## Alex Connell Will Coach Ice Champs

OTTAWA (CP)—Fate of Canada's Allen Cup champions—the Ottawa Senators of the Quebec Senior Hockey League—will rest this year in the hands of veteran N.H.L. goaltender Alex Connell.

T. P. (Tommy) Connell, manager of the Ottawa team, who sponsored Connell during the days when Ottawa Senators had an N.H.L. entry, made the announcement today. He told reporters he has sought Connell since last March, when George (Buck) Boucher left the Senators coaching job to be mentor for Boston Bruins.

SALT LAKE CITY—Ernie Hunick, 135, West Jordan, Utah, outpointed Deith Nuttall, 130½, Brigham, Utah (10).

## Manager Of Regina Ice Club Charges Player Poaching

REGINA (CP)—Cliff Ehrle, manager of Regina Capitals of the Western Canada Senior Hockey League, charged last night that Bill Hunter, manager of Saskatoon Quakers, has been dickering with players already signed by the Caps for the coming season. Ehrle said he intended to take the matter up with league authorities "right away."

He alleged that Hunter had made overtures to a player recently signed by the Caps, and had been in touch with others who had not obtained releases from the Regina club in an effort to sign them for the Quakers.

Ehrle did not identify the player to whom he alleged Hunter had made overtures. Ehrle said he had been in touch by telephone with coach Art Somers in Winnipeg, and reported, that Somers is "much disturbed."

## Shoot For Hunters Barred From Woods

Hunters who have been barred from entering the woods for one week because of the fire hazard can attend at the Victoria Gun Club grounds Sunday afternoon to get in a little brush-up shooting. Shooting grounds are on Albert Head Road.

Club official Stuart Ahern reported the executive of the club had decided to open the grounds for skeet and trap shooting from 1 in the afternoon on, to give the disappointed hunting fraternity a chance to get in a little practice.

### WESTS MEET

The Victoria West Football Club will hold a meeting at the Bollermakers' Hall on Esquimalt and Dominion Roads, tonight at 8.

## Victoria Bowling Club Celebrates 40th Anniversary

On Saturday the Victoria Lawn Bowling Club will celebrate its 40th anniversary with a country fair, a tombola and prize games on the greens in Beacon Hill Park.

The club was organized in 1908 under the leadership of W. Oliphant. It is doubtful whether any of the charter members survive and none are left in the club. One of the last and most notable, Walter Chambers, died about three years ago. This mother club has been the nursery of many of the most distinguished lawn bowlers in British Columbia, and since its inception the game has spread to all parts of the province.

It is hoped that the anniversary will be honored, not only by a good turnout of the club's own members, but also by visitors from other clubs. The celebration will occupy the whole of Saturday, with games at 9.30, 2.30 and 7.15.

## Longer Schedule May Prove Hockey Failure

MONTREAL (CP)—National Hockey League club owners are looking cautiously into the future, awaiting public reaction to the increase of 10 games in the league's schedule.

Most owners concede they expect a slight slump at the box office in season tickets. But they quickly add the man in the street will get a chance to see the games without having to purchase a season ticket.

But if the unemployment statistics figures are right, the hockey magnates might get a surprise. According to Canadian and United States government figures there are more unemployed at present than since the end of the Second World War.

It's true that many fans have been vainly trying to purchase a pasteboard for hockey games for more than five years—when they probably have had more money than ever before.

### GREATER EXPENSE

With introduction of the 70 game schedule club owners must also consider heavier operating

## Canada's Grid Outfits Face Tough Week-End; Stamps Busy

Some of football's questions of the day may be answered Saturday when Canada's three big leagues stage an eight-game card that should go a long way towards separating the men from the boys.

Last week-end's first full-scale action of the new season gave a partial idea of how the 12 teams rate in their own leagues. Here's a line-up of tomorrow's matches with some of the questions they may answer:

### BIG FOUR LEAGUE:

How good are the new Toronto Argonauts? The test comes at Toronto Varsity Stadium against Ottawa Roughriders. Argos showed last week they could beat Hamilton Wildcats twice but the Riders, with two victories over Montreal Alouettes, are the league champs—and still the team to beat.

How do the Wildcats and Alouettes compare? They'll settle that—at least temporarily—at Hamilton. Both are winless in two starts.

### WESTERN CANADA LEAGUE:

Can Calgary Stampeders be stopped? Regina's Saskatchewan Roughriders get a crack at them when they invade the Dominion champions' home corral Saturday, then Winnipeg Blue Bombers take a try Monday

night. The league's fourth team, Edmonton Eskimos, showed they weren't up to it when Calgary whipped them 20 to 6 in their first start last week-end.

### ESKS FACE TEST

Has Coach Annis Stukus built a first-year contender in Edmonton? The Eskimos didn't look too strong against Calgary but they get two home tests this week-end—at home against Winnipeg Saturday and against Regina Monday night.

Coach Les Lear put his Stampeders through a rugged workout despite their two-game week-end. The loss of two front-row men to McGill University's "student-loan" alumni may hurt them against the hardbuckling Riders, who looked impressive in their 20 to 6 victory over Winnipeg last week-end.

At Regina, Coach Fred Grant gave special attention to timing and blocking on running plays against a five-man line. Calgary's usual defensive line-up. He alternated two backfield strings against a front wall of defenders.

## Garrison In Senior B Final Here Sunday

The Vancouver Island senior B men's softball championship will be decided at Central Park Sunday with Garrison meeting Campbell River.

The up-island squad holds a two to one edge in games as a result of three games played at Campbell River last week-end.

Sunday's games are scheduled to start at 1 and 4:30.

### WOMEN'S GOLF

Mrs. W. H. Lawson won in the "A" division of a women's medal competition at the Colwood Golf Club yesterday when she carded a net 62. Mrs. H. E. Brown won the "B" division with a net 78.

## Wilson Will Make Another Bid For Speedboat Honors

DETROIT (AP)—Harold Wilson of Ingersoll, Ont., whose Miss Canada IV met with bad luck in two speedboat races here, said yesterday he would try again in 1950 to lift the Harmsworth trophy from the United States.

He made the announcement prior to leaving Detroit after watching the silver cup in a spectator's role. Miss Canada IV damaged a propeller in the first lap of Saturday's heat and was shipped home before the final lap of the race Labor Day.

"I definitely will submit a Harmsworth challenge for 1950," Wilson said. "I expect to make the challenge sometime this fall officially. There's no hurry about it as we have until Jan. 1 to issue it. I will not wait that long, however." He finished last in a fourboat field in this year's Harmsworth.

## Cup Golf Sunday At Gorge Vale Club

First 18 holes of the Wilkeson Cup 36-hole handicap medal competition will be played at the Gorge Vale Golf Club Sunday. Final 18 holes will be played the following Sunday when another draw will be made. The defending champion, Mrs. S. Paterson, will not defend her laurels. Draw and starting times follow:

9:00—Mrs. H. Pearce and Mrs. Thirwell.  
9:05—Mrs. C. Kewen and Miss A. Cochrane.  
9:10—Miss S. Fry and Mrs. H. Kirkham.  
9:15—Miss E. Weymark and Mrs. A. Swan.

## Vancouver, Yakima In Second Triumphs

Playoff series swing to Wenatchee and Spokane tonight with the host nines back to the wall if they want to stay in the running for the \$2,500 Western International League baseball pot that goes to the eventual winner.

Wenatchee bowed for the second straight night last evening to Vancouver 6 to 1 and Yakima clubbed Spokane 13 to 4 to take a similar 2 to 0 lead in the best-of-five series.

The two leaders need only to win tonight to end the semifinal playoffs and qualify for next week's finale.

Yakima took a 5 to 0 lead off Dick Bishop in the second inning and continued to score runs in clusters with a 13-hit attack.

Vancouver also jumped to an early margin, banging Lou McCollum for six straight hits in the first frame and scoring four runs. Lanky Bob Snyder gave Wenatchee only six hits and got good fielding support with five double plays cutting down possible threats.

### JACINTO STARS

At Jacinto and Bob Williams paced Yakima's 14-hit attack against three Spokane hurlers. Jacinto drove in four runs with a double and three singles while Williams batted in the same number with a triple, a double and two singles.

Three of the Spokane runs scored on Paul Zaby's bases-loaded double in the eighth.

Wenatchee's lone tally came in the first when Jim Warner walked, made second on Clyde Haskell's single, and came home

when Al Libke hit into a double play.

Short scores follow:  
Spokane — R. H. E.  
Yakima — 13 4 1  
Bishop, Adams (3), Kimball (7), and Rossi; Bradford and Tornay.  
Wenatchee — 1 6 1  
Vancouver — 6 13 0  
McCollum, Greenlaw (1) and Pesut; Snyder and Sheely.

## International League All-Star Team Selected

NEW YORK (CP) — Three Montreal players were named to the International League all-star team to give the Royals top billing on the 1949 dream team.

The International League Baseball Writers' Association, headed by Al Parsley, sports columnist of the Montreal Herald, announced that Toronto Maple Leafs, Jersey City giants and Rochester Red Wings each earned two berths in the voting, while Baltimore Orioles and Buffalo gained one each.

Manager, Joe Becker, Jersey City freshman pilot, was named manager of the all-stars.

Here is the all-star team: Manager, Joe Becker, Jersey City; first baseman, Steve Bilko, Rochester; second baseman, Pete Pavlick, Jersey City; third baseman, Gene Markland, Buffalo; shortstop, Bob Morgan, Montreal; outfielders, Russ Derry, Rochester, Sam Jethroe, Montreal, and Ed Sanicki, Toronto; catcher, Steve Lembo, Montreal; right-handed pitcher, Al Widmar, Baltimore; left-handed pitcher, Jocko Thompson, Toronto.

## Charles May Defend Title In California

NEW YORK (AP) — Ezzard Charles, recognized by the National Boxing Association as heavyweight champion, will defend his crown against Pat Valentino of San Francisco at San Francisco Oct. 14, if current negotiations are closed.

Jim Norris, president of the International Boxing Club, said today "only a few details remain to be settled."

The I.B.C., which owns promotions rights to Charles, will promote the bout in association with William P. Kyne of San Francisco.

Under the tentative contract terms, Charles will receive a guarantee of \$50,000 and privilege of 35 per cent of the gate.

### LACROSSE PRACTICES

Victoria peewee and bantam box lacrosse teams will hold practices tonight at 6.30 at Stevenson Park in preparation for their playoff games with Nanaimo on Sunday.

Jockey Gets Brush Off

Deep Sea Tale is about to sever relations with George Riley after clearing a hurdle in The Herculean Steeplechase at Saratoga. Hot, Bobby McDonald up, is clearing the hurdle.

## Winnipeg Girls Take Game Lead In Softball Final

WINNIPEG (CP) — A booming hit by Joan Panting sent home the winning run in the bottom of the ninth inning last night to give St. Vital Tigerettes a 5 to 4 victory over Vancouver Pacifics in the western Canada girls' softball finals. Tigerettes, Manitoba champions, now lead the best-of-five series two games to one. Fourth game will be played here tonight.

Panting's hit stopped cold Pacifics' uphill battle which saw them tie the score at 4 to 4 in the top of the ninth when Rita Bell smashed a terrific three-run homer.

Beryl Titheridge went the distance for Tigerettes, giving up seven hits, striking out four, and walking two. The Bengals collected 11 hits off Vancouver's No. 1 hurler, Laura Nelson, who won the opening game 3 to 1. Tigerettes took the second contest 5 to 4.

Despite the fine pitching performance of Titheridge, it was Vi Glass, St. Vital rightfielder who stole the show. Besides getting three hits, Glass electrified the crowd of approximately 3,000 with a one-handed stab of Pat Elworthy's hit in the eighth inning. Glass raced in on the blooper and shoved out her glove as the ball was about six inches from the ground.

## Warren's Double Gives Rainiers Victory In 10th

Sacramento is a good friend indeed of Hollywood, Coast League leaders.

The Stars took the Solons for five games straight over the Labor Day week-end to strengthen a shaky lead over second-place Oakland.

Last night the Solons' Walt Dropp hit a ninth-inning three-run homer to give Sacramento an 8 to 5 win over Oakland. The Solons' spotted the Oaks a five-run second inning, too.

The Solons' win was much appreciated by Hollywood which needed a six-game winning streak by losing 5 to 3 to San Diego. The veteran Jess Flores topped the Stars' Pinky Woods who was trying for his 21st victory. It was Flores' 18th win.

The league standings — with only 18 games to play — still show Hollywood four games ahead of Oakland.

Seattle took a 10-inning thriller 4 to 3 from San Francisco. Rainier catcher Jack Warren came to bat in the 10th with a record of one double and three strikeouts. Warren chose to double this time and drove in the game clincher.

Cal McLish lasted through for a 7 to 6 win for his Los Angeles Angels over Portland.

Sacramento — R. H. E.  
Oakland — 5 12 2  
Holcombe, Dasso (2), Freitas (9), Johnson (9) and Rainmond; Caudill, Thompson (7), Harris (9), Padgett, Kerr (9).

## Ontario Golf Team Interim Winners

H.M.C.S. Ontario captured the Royal Canadian Navy intership golf tournament at Uplands Golf Club yesterday with a low team score of 533.

H.M.C.S. Naden placed second with 547, followed by Dockyard with 552 and Canadian Services College with 600.

CPO. Elston won the kicker's handicap; Midshipman Turner the hidden hole competition; R. Keem, low score of hidden hole; Lieut. A. Karagians, high poker hand; Lieut. Gigg, second high poker hand, and CPO. Scott, low gross.

## Lacrosse Final On Again; Goes Tonight

It's on again! The B.C. senior B box lacrosse final starts tonight at Nanaimo with the up-island squad meeting Trail in the first game of a best-of-three series.

Canceled Thursday, the series was officially rescheduled last night by the B.C. Lacrosse Association, according to an announcement from president Doug Fletcher.

The second game of the series is scheduled for Nanaimo Saturday, with the third, if necessary, on Monday.

## Sports Round-Up

By HUGH FULLERTON JR.

NEW YORK (AP) — Babe McCoy, the Los Angeles Olympic Club matchmaker, is heading for the Graziano-Fusari fight in New York with the idea of bringing back a few "name" boxers for his arena. Jersey Jones is threatening to tab his heavy-weight, Maynard Jones, the "Daily Double" ... Besides duplicating the manager's name, Maynard had his first post-service fight in Baltimore, then had two in New York, two in Binghamton, N.Y., two in Newark and two in Wilmington before returning to Baltimore.

The Yankee-Dodger football club plans to distribute 5,000,000 match books with the club's schedule this season. Drumbeater Arthur Mann explains: "We want to get to the point where you can't give your best friend a hot foot without using our schedule."

### HOW'S THAT AGAIN?

Direct quote from Mel Allen's broadcast of the Yankee-Red Sox game Wednesday night: "Well, how about that? Rizuto made one of the greatest one-handed scoops while going head over heels and tagged Zarilla that you ever saw."

### NIGHT AND O'DEA

Wisconsin grid fans are anticipating the appearance of Pat O'Dea, fabulous drop kicker of the '90s, at the Wisconsin-California game Oct. 8. O'Dea, now a resident of San Francisco, hasn't visited Randall stadium since he saw the Badgers upset Illinois in 1934. The question, it seems, is whether the guy who used to boot 100-yard punts and 62-yard drop kicks can kick a football harder than the Wisconsin Wolves can kick a coach.

## Chenier-Davis Tied

LONDON (CP) — Despite an attack of fibrositis in both shoulders, Joe Davis, retired world snooker champion, Thursday drew level at 24 to 24 in his 71-frame exhibition game with George Chenier of Toronto, Canadian champion.

The feature of the afternoon play, however, was a break of 121 by Chenier who took but seven minutes to run off his first century in Britain and the 174th of his career.

## Minor, Commercial Hockey Meetings For Next Week

Persons interested in hockey are asked to take note that two important meetings in this respect are scheduled for next week.

On Thursday night the Victoria Minor Hockey Association will meet in the Arena at 8 while on Friday night at the same time in the Arena, a meeting has been called to discuss the prospect of commercial hockey in the city.

Parents of prospective minor hockeyists are invited to attend the Minor Hockey Association meeting while all interested parties are asked to attend both meetings.

An important factor to be discussed is the cost of ice per hour to potential clubs and leagues. Those attending are asked to use the Caledonia Street entrance.

## Blinded Veterans Would Be Umpires

WASHINGTON (AP) — The Blinded Veterans' Association, whose members can do a surprising number of things, now proposes to take over the umpiring jobs in baseball's big leagues. Officers today announced the adoption in the fourth annual convention here of this resolution:

"Whereas this baseball season has seen much dissension because of umpires' decisions in both National and American leagues, and

"Whereas a multitude on players have pointed out that this condition derived from delinquency in the eyesight of the umpires in said leagues, be it therefore

"Resolved that for the season of 1950 umpires be recruited from the members of the Blinded Veterans' Association who can call the plays with greater facility than the personnel now employed: And be it further

"Resolved that such action will bring infinite happiness to the fans, because when they cry, 'the ump is blind!' they will be telling the literal truth."

## Garden Opens Winter Fight Season Tonight

NEW YORK (UP) — Under the new regime of James D. Norris and his International Boxing Club, Madison Square Garden opens its fall-winter fight season tonight with a 10-round bout between Kid Gavilan and Rocky Castellani.

Gavilan, Cuban welterweight contender, was favored at 145 to beat the aggressive young middleweight from Luzerne, Pa., despite the latter's expected advantage of about five pounds. Brown-skinned Gavilan will be making his first start since July, when he lost the decision to Sugar Ray Robinson in their welterweight title fight at Philadelphia. An impressive victory tonight would enable the Cuban youngster to begin gunning for another title shot at Sugar Ray. Middleweight Castellani expected to scale about 155 pounds. Gavilan, about 150—the heaviest of his career.

Castellani, "rookie of the year" for 1948, recently defeated Tony Janiro. He also has beaten Tony Demico and Red Priest. However, he lost a decision to welterweight Charlie Fusari at the Garden on Feb. 18, after having the Jersey milkman on the floor in the first round. Castellani claimed he injured his left arm in the first round and had to

ility than the personnel now employed: And be it further

"Resolved that such action will bring infinite happiness to the fans, because when they cry, 'the ump is blind!' they will be telling the literal truth."

make a one-fisted fight of it. A crowd of 12,000 and a gate of \$30,000 are expected.

## Plebiscite On Daylight Saving Asked By B.C. Municipalities

If the Union of B.C. Municipalities has its way the people of the province will vote on the use of daylight-saving time each summer.

On recommendation of Mayor Nora Arnold of Prince Rupert the union in convention here decided to ask the provincial government to submit a plebiscite to the electors of the province on the question.

The wish of the majority then could be standardized throughout the province by legislation.

Another Prince Rupert resolution which was turned down called for elimination of the poll tax as a voting qualification and repeal of the Poll Tax Act.

Kootenay delegates won support, the loudest coming from interior municipalities, for a resolution giving them power to keep second-rate circuses and carnivals at least a mile outside of municipal boundaries.

The union, acting on recommendation of the 1948 executive will consider the advisability of applying at Ottawa for federal aid for education.

### SPEED LIMIT CHANGE

An Oak Bay resolution, voted down, asked that district municipalities be given the power to impose speed limits on highways within the municipal district the same as those in effect in contiguous cities or towns.

A Comox resolution, which passed, asks that upkeep of all main roads throughout a newly-incorporated village remain the responsibility of the provincial government up to the time of completion of the classification of highways.

## Bank Of Commerce Being Renovated

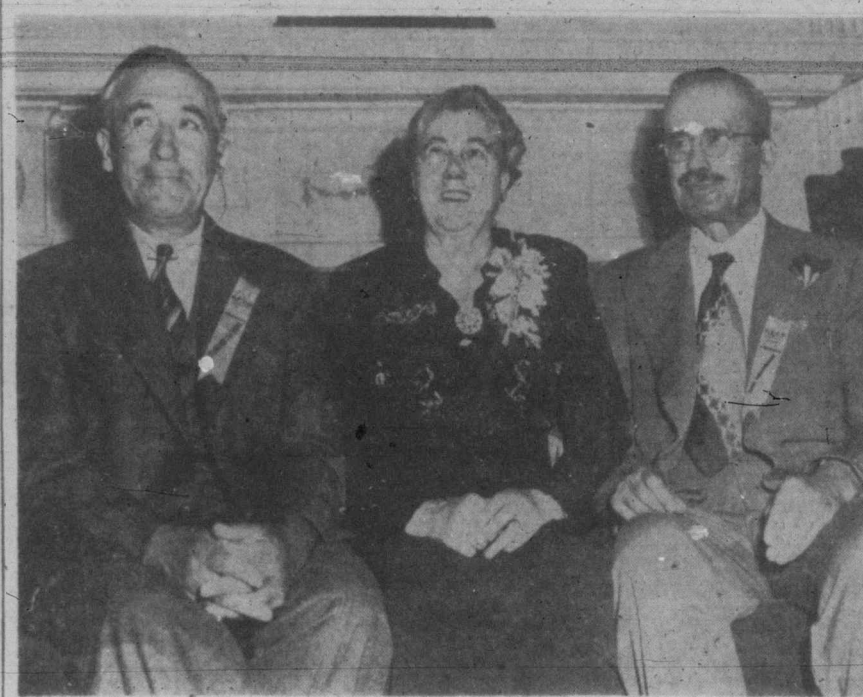

Renovations are under way at the main branch of the Canadian Bank of Commerce on Government Street. The work will cost approximately \$100,000.

Bank officials stated that the second and third floors of the building had already been removed and that numerous offices would be installed when the new floors were completed. A complete change in the structure of the main floor was also planned in order to acquire more space for employees.

George H. Wheaton is carrying out the alterations from plans prepared by Birley, Wade and Stockhill.

Brian J. Cox will leave shortly for the College of Optometry, Toronto, to continue his studies. He is the eldest son of A. V. Cox for many years as optometrist in Ontario.

## U.B.C.M. Names New Slate Officers

New leaders of U.B.C.M. are, from left: Mayor T. H. Waters, Nelson, first vice-president; Mayor Nora Arnold, Prince Rupert, second vice-president; and Reeve Solomon Mussalem, Maple Ridge, president.

Reeve Solomon Mussalem of the Fraser Valley municipality of Maple Ridge is new president of the Union of B.C. Municipalities.

He was elected by acclamation Thursday along with other officers. Reeve Mussalem succeeds Mayor Percy George as head of the union.

Vice-presidents named were Mayor T. H. Waters of Nelson

and Mayor Nora Arnold of Prince Rupert. R. R. F. Sewell of Victoria was re-elected secretary-treasurer.

Elected to the executive were the following: Ald. George Miller, Vancouver; Mayor George Muir, Nanaimo; Mayor J. Moffatt, Kamloops; Reeve E. C. Warren, Saanich; Mayor Louis Sangster, New Westminster; Ald. J. W.

Johnson, Penticton; Ald. G. Dezel, Prince George; Mayor T. B. Adams, Vernon.

Mayor George automatically becomes a member of the executive as retiring president.

Commissioner A. M. Nalmsmith of Harrison was elected village representative on the union executive.

## Tourist Business Still On Upswing Car Figures Show

It seems tourist travel records here are only set to be broken.

During August, for instance, the number of foreign licensed cars entering Canada through the port of Victoria numbered 1,762 more than during the corresponding month of last year, which was previously a record month.

Last month, according to George I. Warren, publicity bureau commissioner, there were 12,403 foreign cars here with 37,272 passengers. In August, 1948, visiting cars numbered 10,621 and passengers totaled 32,514.

During the first eight months of the year, Mr. Warren reported, foreign licensed cars in this city numbered 34,933 and they brought 101,226 passengers.

Corresponding figures for last year were 29,003 cars and 84,177 passengers.

The number of Canadian cars entering the United States from this port also shows a considerable increase from last year, according to the statistics.

This year, 6,618 Canadian cars

## U.B.C.M. Asks Removal Of Per Diem Hospital Grants

The province will be asked by the Union of B.C. Municipalities to abolish payment of per diem hospital grants by municipalities.

This was decided at the convention of the union which ends today at the Empress Hotel. Six different municipalities submitted resolutions to the convention asking for removal of the per diem grants and unanimous support was given by the delegates.

The convention also passed a resolution asking that until the per diem grants are abolished, the government deduct from the grants payable by municipalities operating a hospital a sum equal to an annual rental value of the institution based on 3 per cent of

a fair appraised value of buildings and equipment.

This resolution was suggested by North Vancouver. Passed also was a Rossland resolution asking that all costs incurred by a municipality for contagious disease cases be refunded by the hospital insurance commission.

On the question of hospitalization also was a resolution from Surrey asking the government to contribute toward the cost of maintaining bed-side nursing services.

### To Hold Fall Rally

The annual fall rally of the Vancouver Island, Presbytery Y.P.U., will be held Sept. 17 and 18, at First United Church.

Theme of the rally is "Our Debt and Obligation to the Bible," and the main speaker will be Rev. S. Vernon Fawcett, president of Union College, Vancouver. Registration will begin at 6 on the evening of Sept. 17 with a dinner following at 6.30.

## Cosmopolitan Club Plans Charter Night

Further arrangements for the newly-formed Victoria Cosmopolitan Club's charter night, scheduled for the first week in October, were discussed by club members at the weekly dinner meeting Thursday night at the Sirocco Supper Club.

In connection with the club's interest in backing the Victoria Traffic and Safety Council campaign, a committee was named to investigate the possibility of holding a parade, featuring junked and wrecked cars.

## Burns Club To Open Season Next Week

Pipes will skirl and Scottish songs and music will be provided for the entertainment of the members of the Burns Club at the opening meeting next Tuesday night at the Prince Robert House.

James McGrath, who has just returned from an extended tour of Britain, will be the speaker. This is the 28th session of the club, and although its members mostly hail from Scotland, its ranks are open to all who are in sympathy with the aims of the club—to perpetuate the memory of Robert Burns, to encourage the study of the poet's life and works; also the study of Scottish literature, art, music, folklore and history.

Newcomers to the city find a friendly atmosphere among others who love to hear the old songs of Caledonia.

## Nearly 400 Attend U.B.C.M. Banquet; Session Ends Today

The Empress Hotel had one of its largest banquets Thursday evening when the four Greater Victoria municipalities played hosts to nearly 400 persons attending the convention of the Union of B.C. Municipalities which ends today.

Guests who crowded the ballroom of the hotel spent over three hours dining and listening to toasts and musical entertainment.

Toastmaster was Mayor Percy George of Victoria, retiring president of the U.B.C.M.

Premier Byron Johnson represented the provincial government at the banquet and replied to a toast by Mayor Charles Thompson of Vancouver to the Province of British Columbia.

B. C. Brazeau, deputy minister of municipal affairs, proposed a toast to the U.B.C.M. to which Mayor T. H. Waters of Nelson responded. A toast to the ladies by Reeve Solomon Mussalem of Maple Ridge, new president of the union, was answered by Ald. Margaret Christie of Victoria.

Entertainment was provided by vocalists Grace Adams and John Bray and violinist William Tickle. Len Acres was accompanist.

Women attending the banquet received gifts of writing cards from a local department store, and all guests received a copy of the booklet "This Is Vancouver Island" from the Greater Victoria municipalities.

A cocktail party preceded the banquet.

## Esquimalt To Have Open Air Meetings

Open air meetings will be held by the Salvation Army in Esquimalt pending the completion of renovations to the old Cadet Theatre, Esquimalt Road, which was purchased last year by the organization to be used as a Salvation Army hall in the municipality.

Maj. G. A. Voisey said the first open air meeting would be held Sunday at 6:45 at the corner of Esquimalt and Admiral Roads. Similar meetings would be held every second Sunday until the opening of the new Salvation Army hall.

Maj. Voisey said renovation work on the old theatre would begin immediately. The building was expected to be ready for use early next year.

Trial of Gordon Charles Green, charged with assaulting William Heller Jr. and occasioning him actual bodily harm, on Aug. 12, was set for Monday in city police court today.

## Ask One Board For Teachers' Salaries

The Union of B.C. Municipalities wants formation of a provincial board of arbitration to deal with all applications for salary increases from teachers' groups throughout the province.

The union, in convention here ending today, felt that municipalities could be placed in unfair positions with each board of arbitration on teachers' salaries being constituted separately.

It is understood the B.C. Teachers' Federation has similar feelings on the question and proposes passage of a supporting resolution.

## New Arena Manager Outlines Plans For Youths' Activities

Victoria's younger set will benefit immensely from the new Memorial Arena here if present plans of Joseph Dutkowski, recently appointed manager of the arena, become a reality.

Addressing members of the Rotary Club at a luncheon at the Empress Hotel Thursday, Mr. Dutkowski outlined present plans for use of the arena in addition to its housing Victoria's entry in the Pacific Coast Hockey League.

Special instruction classes for ice-skating, figure-skating and for general school students were planned with admission charges expected to be "as low as possible," he said.

In addition, tentative arrangements had been completed to allow members of the minor hockey league, which will be organized in the near future, to use the arena during a morning or afternoon period one day each week. Admission prices for these sessions would depend on the support given by adults for various other events in the arena, Mr. Dutkowski announced.

The speaker indicated it would cost approximately \$300 a day to operate the Memorial Arena. Mr. Dutkowski based this statement on information and experience he had received in operation of other arenas.

He stated it was important that every hour be utilized to the fullest extent from opening until closing time. In order to meet these costs, Mr. Dutkowski urged the operation of a concession stand by the arena officials.

Until the middle of the 19th century the area drained by the Congo river in central Africa was practically unknown.

## Scholarship For Top Student

Compiling top marks in her second-year studies at Victoria College, Miss Elizabeth Bryson, 18, of 1 Obed Avenue, won the \$250 Sidney Roofing and Paper Company scholarship awarded annually to the second-year student gaining the top average in academic subjects.

Miss Bryson was presented with a cheque for \$250 Thursday by J. A. Craig, general manager of the local firm, in a ceremony at the company's office.

In addition to the scholarship, Miss Bryson also won a Gruen gold wrist watch and qualified for the Greek scholarship presented by the Order of Ahepa. She achieved an average of 94.1 per cent in the spring examination this year.

Miss Bryson will continue her studies at the University of British Columbia this year. She plans to honor in Greek and Latin. She won two scholarships in her first year at Victoria College also.

Others in attendance at the presentation were G. P. Black, assistant professor of classics at Victoria College, and Arnold Ramer, personnel director of the company.

## Says U.S. Not Yet Acting Proper Role

Edwin D. Canham, editor of the Christian Science Monitor, reads a home edition of the Victoria Daily Times during a call at the office of Times editor H. P. Hodges.

One of the difficulties in the world's present financial problems is the fact the United States has not yet learned how to act as a creditor nation, according to Erwin D. Canham, editor of the Christian Science Monitor, who was a visitor in Victoria Thursday afternoon.

Mr. Canham said that the U.S., with a long tradition behind it of being almost a debtor nation, must now turn about and adopt the other role. This, he believed, was not any easy thing to do nor an easy policy to acquire.

He pointed out that most of Great Britain's creditor role had been gained through overseas investments, whereas the U.S. now was being forced to advance money abroad with little hope for returns.

However, he was of the opinion the U.S. would have to keep on handing out money to speed the day when such disbursement of money would become straight legitimate credit.

He believed the U.S. should adopt a very moderate tariff policy in an effort to create and improve reciprocal trade. Unfortunately, he added, private U.S. investments abroad were restricted. He felt conditions would be improved and a better balance of trade achieved if private loans were made overseas.

However, he added, as these Victoria's three contestants have returned from the International Lightning Championship Regatta without the winner's cup but with a good number of souvenirs and memories.

Arriving back from the regatta Thursday afternoon, about the first thing Eric Dowell, Bill Vogel and Dick Moore did was go to bed to rid themselves of the tiredness accumulated during the three-day regatta and long flight home.

The three youthful members of the Royal Victoria Yacht Club arrived in Miami just after the Florida hurricane. They formed the youngest crew to take part in the regatta and traveled the longest distance to get there.

There was only one other Canadian crew, and that was one skippered by J. N. F. Robertson of Aldershot, Ont.

Unfortunately the three city yachtsmen were not able to draw their boat until the day before the regatta and so had little chance to get accustomed to their new craft.

They found the races to be highly exciting events and had times to sail in squalls of up to 40 miles an hour. In one squall, five lightnings capsized. The Victorians finally gained 24th place. Winner of the championships was Dick Bertram, Miami, who also took the championship the previous year.

One of the things the Victorians remember most vividly was the heat in Miami. The temperature averaged 84 day and night, and swimming pools loudly advertised the fact their pools had been cooled.

Among the souvenirs the boys brought back with them were silver ashtrays, given to each competitor to commemorate the regatta, and coconuts bearing the Lightning crest.

## Kathleen in For Winter After Record Cruise Year

Princess Kathleen, war veteran and cruise ship, is in Victoria for winterization following a record tourist season during which she carried a total of 2,500 passengers on eight Alaska cruises, her first since her return from overseas.

Capt. O. J. Williams, manager of the C.P.R.'s B.C. Coast Service, said today the Kathleen would be laid up here until March when she will go out to relieve the night steamers. At the beginning of June, next year, she will resume her Alaska cruises.

Capt. Williams appeared delighted with the Kathleen's performance and the public's response. The traveling public considers the Kathleen the finest of the B.C.C.S. ships, said Capt. Williams. He felt this was due to her war record, her fine appearance and her luxury accommodation. He added that the only complaint from passengers had been that the company had not installed enough of the luxury accommodation.

With the exception of her first and last cruises, the Kathleen had all accommodation completely booked by the tourists and Capt. Williams reported that already a considerable portion of her space was being booked for next summer.

Outstanding feature of the Kathleen, he said, was the visit to Glacier Bay to the westward of Lynn Canal in Alaska where passengers were able to see nearly half a hundred glaciers discharging into the bay.

He paid tribute to the work of Victoria Machinery Depot and its workmen in refitting the Kathleen on her return from overseas duty as a troop transport.

Capt. G. O. Hughes, of Victoria, commanded the Kathleen during the season. Other Victorians included among the senior officers aboard are: First

Officer D. Reynolds, Chief Engineer A. S. Moffat, Purser P. Hole and Chief Steward H. E. Miller.

In all, the Kathleen carried 110 for the cruises. She came originally from the famous yards of John Brown and Co., Scotland, builders of the Queen Mary, Queen Elizabeth and Empress of Britain.

## Preparations For Calling Third P.E.G. Project Tender

Tenders for a third project in the provincial government's program to extend the provincially owned Pacific Great Eastern Railway from Quesnel to Prince George will be called Saturday, it was learned today.

Work is already proceeding on two projects placed under contract earlier this summer. They cover the clearing and grading of the right-of-way for the railway from Quesnel to a point 30 miles north.

The tenders to be called Saturday will be for clearing and grading of the right-of-way from Prince George south for 17 miles. The bids will close Sept. 23.

Provincial government officials feel that the construction company—Campbell-Bennett Ltd. of Vancouver—which holds the contract for the two projects from Quesnel north is making good progress. These contracts are to be completed by June 30 of next year.

When the contract for the 17-mile section from Prince George south has been awarded more than half of the 82.5-mile project will have been placed under contract by the government.

While work is proceeding on the clearing of the right-of-way engineers are surveying for foundations of the big bridge which will be necessary to carry the railway over the Cottonwood Canyon north of Quesnel. Officials said that further drilling was necessary to establish the rock formations.

The span is expected to be of a continuous steel truss type.

**Obscene Literature Campaign Supported**

A Dominion-wide drive being sponsored by the Kiwanis Club of Trail to have obscene literature removed from newsstands received the backing of the Union of B.C. Municipalities today.

Mayor E. G. Fletcher of the interior city said the club was not only directing its fight against crime comic books but against pocket books.

**To Leave Drydock**

The freighter Atlantic Seaman, now in drydock, is scheduled to sail this evening or Saturday morning, according to H. S. Hammill, general manager of Victoria Machinery Depot.

The ship has been undergoing cleaning, painting and minor repairs. V.M.D. workmen also have drawn the tailshaft for inspection.

**Races Saturday**

Royal Victoria Yacht Club races for Stars, Lightnings, Snipes and Comets, cancelled Aug. 24 because of rain, will be sailed Saturday afternoon at 2:30, it was announced today by H. Golby, R.V. Y.C. fleet captain.

**ARRIVING ON ASCANIA**

A. R. Bruce, United Kingdom Trade Commissioner at Ottawa, and Maj. D. J. Corrigan, D.S.O., M.C., former commissioner of the Canadian Red Cross Society, are among 769 passengers arriving in Montreal today aboard the Cunard White Star liner Ascania.

Twelve old fires are still burning unattended in that area.

## Coast Fire Hazard Increases But All Blazes Controlled

B.C. Forest Service officials reported today that the fire hazard in the Vancouver forest district was still increasing although outbreaks have shown a decrease.

Only three new fires during the past 24 hours were reported today by the service. They were a lightning strike on the Forbidden Plateau, and two spot fires on the P.G.E. right-of-way. All have been extinguished.

All other fires in the province are under control.

The West Van Logging Company blaze near Royston is being mopped up. It burned over 75 acres of slash earlier this week. Five other old fires are still burning in the Vancouver district.

The fire hazard in the Peace River district, which had
